MEMORANDUM

TO: Chair and Members of the Board
DATE: February 7, 2019

FROM: Erika McConnell
Director, Marijuana Control Board
RE: Lady Gray Gourmet Medibles
#12254

Lady Gray Gourmet Medibles, a marijuana product manufacturing facility, is requesting approval of twelve new products. Attached is the MJ-16 Proposed New Marijuana Product for each product.

Canna Oil appears to violate 3 AAC 306.555(b)(2).

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lady Gray Gourmet Medibles, LLC	**MJ License #:**	12254		
License Type:	Marijuana Product Manufacturing				
Doing Business As:	Lady Gray Gourmet Medibles				
Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Canna Oil		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color varying shades of light creamy greens/yellows.
Ingredients:	Organic Coconut Oil or Organic Olive Oil, Cannabis Coconut Oil (Organic Coconut Oil, Cannabis, Sunflower Lecithin), organic flavor oils or equivalent Organic/Fair traded/NonGMO ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 acccording to how we make our Cannabis Infused Coconut Oil. We'll do the calculations on what will equate to 5mg THC per serving and mix oil and remaining ingredients on low heat according to that. The oil will then be packaged with proper testing procedures followed and submitted, refrigerated/frozen and available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	 Cannabis Infused Coconut Oil Consistency at 75 degrees and below  Cannabis Infused Coconut Oil Consistency at 76 degrees and above Olive Oil

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description:
Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Packages will be sold in two size options listed below, in child resistant, smell proof, resealable containers with shrink wrapped tops and delineations showing proper serving sizes to equate to 5mg per serving, as described below.

Package choices will include:

25mg version: 4 ounces total in bottle, marks made for every .8oz
5 Servings Total at 5mg THC per serving = 25mg THC total per package

50mg version: 4 ounces total in bottle, marks made for every .4oz
10 Servings Total at 5mg THC per serving = 50mg THC total per package

Child Resistant Resealable Caps

4 oz.

Sample Labels:
Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Caramel		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be muted tones of browns. Shape will be molded in geographic shapes. Texture will be firm but chewy.
Ingredients:	VEGAN VARIETY: Coconut sugar, coconut cream, cane syrup, cannabis coconut oil (organic coconut oil, cannabis, sunflower lecithin), maple syrup, salt, vanilla, comparable natural flavorings to include: coconut, mint, espresso, cocoa, strawberry, raspberry, blueberry, lavender, cayenne or equivalent. NONVEGAN VARIETY: Sugar, Cream, Cannabis Butter (organic butter, cannabis, sunflower lecithin), Cane Syrup, Evaporated Milk, Salt, vanilla and comparable natural flavorings to include: coconut, mint, espresso, cocoa, strawberry, raspberry, blueberry, lavender, cayenne or equivalent.
Standard Production Procedure and Detailed Manufacturing Process:	Caramels will be cooked and mixed at proper temperatures on the stove to end up firm but chewy, and after calculations are done to ensure each molded piece will test at 5mg. Mixture will be poured into molds for cooling. Once cooled a random sample will be pulled according to regulations and the rest packaged and in cool storage. Sales will be made once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Product Name:	Freezer Fudge		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be varying shades of chocolate, including white. Shape will be simple and geometric in nature, such as squares or rectangles. Some will be smooth in texture while others contain nuts or other small food grade inclusions. Texture will be firm to the touch but soft to the bite.
Ingredients:	Various combinations of: Organic Raw Cane Sugar, Organic Chocolate Liquor, Organic Cocoa Butter, peanut butter, almond butter, cashew butter, coconut butter, organic coconut oil (cannabis infused), organic butter (cannabis infused), cocoa powder, oat or coconut flour, maple syrup and/or coconut palm syrup, sweetened condensed milk, vanilla, peanuts, almonds, cashews, coconut, sea salt, raspberries, rainbow sprinkles, sea salt
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 according to how we make our Cannabis Infused Coconut Oil and Butter. All ingredients will be mixed and/or melted well according to what will equate to 5mg pieces and then placed into the freezer to harden. A sample will be prepared according to regulations and the rest packaged and stored in the deep freezer awaiting test results for sale.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lady Gray Gourmet Medibles, LLC	**MJ License #:**	12254		
License Type:	Marijuana Product Manufacturing				
Doing Business As:	Lady Gray Gourmet Medibles				
Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Frozen Goodness		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be varying muted shades according to flavor such as cream for vanilla, brown for chocolate, pink for strawberry (natural color) with possible mix-ins showing such as a fudge ripple or nuts. The shape will take form to the small child resistant drams they are packaged in, individually portioned. Texture will range from thick and creamy to slightly grainy and icy.
Ingredients:	NONVEGAN BASE: CREAM, MILK, SUGAR, SUGARED EGG YOLK, SWEET CREAM BUTTERMILK, CORN STARCH, CREAM CHEESE, HONEY, VANILLA VEGAN BASE: VEGAN CANE SUGAR, NON-GMO COCONUT, GLUCOSE,MODIFIED FOOD STARCH, SALT,CELLULOSE GUM, XANTHAN GUM Mixins include: Organic Coconut Oil (Cannabis infused) or CO2 oil, natural flavor oils, natural fruit preserves, Cocoa, matcha powder, sugar, maple syrup, strawberries or equivalent, pecans or equivalent Organic/Fair traded/NonGMO ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 acccording to how we make our Cannabis Infused Coconut Oil. If CO2 oil is used it will be from an Alaskan licensed facility. We'll do the calculations on what will equate to 5mg THC per container and mix ingredients together for proper emulsion. This mix will then be blended in a commercial ice cream maker according to manufacturer instructions. It will then be packaged individually according to weight for 5mg THC per container with proper testing procedures followed and submitted, shock froze first for additional quality then moved into longer term freezer storage - available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	  
Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Frozen Goodness will be packaged in individual child resistant drams with shrink wrapped tops if deemed necessary.

1 Dram (5mg THC)=1 serving
Approximately 1/2 cup of frozen goodness will be contained per serving.

Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lady Gray Gourmet Medibles. LLC	**MJ License #:**		12254	
License Type:	Marijuana Product Manufacturing				
Doing Business As:	Lady Gray Gourmet Medibles				
Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Gummies		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be varying muted shades according to flavor such as muted yellow for pineapple and muted pink for strawberry. The shape will be molded geographic shapes with care taken to not appeal to children and individually portioned for consistency. Texture will be soft and chewy.
Ingredients:	VEGAN VERSION: Organic coconut oil (Cannabis Infused) or CO2 oil, apples, berry blends, citrus blends, juice, coconut milk, vanilla, stevia, xylitol, maple syrup, honey, agar agar, herbal tea, matcha powder, coffee, cinnamon, salt NONVEGAN VERSION: same as above but instead of agar agar gelatin powder will be used in its place (grass fed if feasible). Organic/Fair traded/NonGMO ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 according to how we make our Cannabis Infused Coconut Oil. CO2 oil would be purchased from an Alaskan licensed facility - we'll do the calculations on what will equate to 5mg THC per piece and mix ingredients together for proper emulsion while over heat. This mix will then be properly distributed amongst molds. They will then be cooled and with proper testing procedures followed and submitted - packaging will be done and available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lady Gray Gourmet Medibles. LLC	**MJ License #:**		12254	
License Type:	Marijuana Product Manufacturing				
Doing Business As:	Lady Gray Gourmet Medibles				
Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Ice Cream Sandwich		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be brown cookies (from a previously approved cookie) with a complimentary un-infused ice cream sandwiched between. Shape will be round cookies. Texture will be chewy cookies, smooth ice cream.

Ingredients:	COOKIES: ORGANIC SUGAR, ORGANIC COCOA MASS, ORGANIC COCOA BUTTER, ORGANIC VANILLA, BROWN SUGAR, ENRICHED BLEACHED FLOUR (WHEAT FLOUR, MALTED BARLEY FLOUR, NIACIN, IRON, THIAMINE, RIBOFLAVIN, FOLIC ACID), CANNABIS COCONUT OIL (ORGANIC COCONUT OIL, MARIJUANA, SUNFLOWER LECITHIN) OR CANNABIS BUTTER (ORGANIC SALTED BUTTER, MARIJUANA, SUNFLOWER LECITHIN), ORGANIC EGGS, COCOA, VANILLA EXTRACT, ESPRESSO POWDER, BAKING POWDER , SEA SALT ICE CREAM: Milk, Cream, Sugar, Corn Syrup, Whey, Vanilla Extract, Mono & Diglycerides, Guar Gum, Tara Gum, Carrageenan, Annatto Extract or equivalents

Standard Production Procedure and Detailed Manufacturing Process:	Cookies will be baked as usual according to what will equal 2.5mg per cookie (we will only use pre-approved cookie recipes and add an un-infused complimentary flavor of certified super premium ice cream in between). Cookies will be cooled then frozen for assembly. A scoop of ice cream will be added to the middle making an ice cream sandwich. These will be individually wrapped in food grade waxed paper bags and sealed, placed in freezer. A random sample with be pulled and submitted, once testing has passed product will be packaged according to operating plan and allowed for sale.

Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description:
Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Ice Cream Sandwiches will be available in these package sizes, enclosed in a waxed freezer sandwich bag inside of a child resistant smell proof mylar bag:
1 Ice Cream Cookie Sandwich
(5mg THC, 2.5mg THC each cookie - package contains 2 cookies)=1 servings
2 Ice Cream Cookie Sandwiches
(10mg THC, 2.5mg THC each cookie - package contains 4 cookies)=2 servings
3 Ice Cream Cookie Sandwiches
(15mg THC, 2.5mg THC each cookie - package contains 6 cookies)=3 servings
4 Ice Cream Cookie Sandwiches
(20mg THC, 2.5mg THC each cookie - package contains 8 cookies)=4 servings

Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Oatmeal Cookie		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be varying shades of browns with visible oats. Shape will be traditional cookie shape. The texture will be crunchy outside, chewy inside.
Ingredients:	Peanut Butter and/or Almond Butter, brown sugar, maple syrup and/or agave nectar and/or honey, coconut, oats, eggs, cannabis coconut oil (organic coconut oil, cannabis, non-GMO sunflower lecithin) and/or organic butter (organic butter, cannabis, sunflower lecithin), vanilla, baking powder, raisins or chocolate chips or carrots or apples and bananas, pecans, walnuts and/or almonds, cinnamon, sea salt. Organic/Fair traded/NonGMO ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 acccording to how we make our Cannabis Infused Coconut Oil and Butter. We'll do the calculations on what will equate to 5mg THC per cookie and mix ingredients accordingly in a commercial mixer. Once ingredients are thoroughly mixed cookies will be baked in a commercial oven, cooled and then frozen, packaged with proper testing procedures followed and submitted, available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Product Name:	Spiced Nut Mix		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be varying shades of browns with small amounts of seasoning, majority of visible product is nuts. Shape will be naturally occuring nut shapes such as almonds, cashews, pecans, etc... The texture will be crunchy.
Ingredients:	Combinations of commonly equivalent nuts/seeds including almonds, cashews, walnuts, pecans, macadamia, hazelnut, pistachio, sesame seeds, pepitas, hemp seeds, sunflower seeds and peanuts will be blended with commonly equivalent spices including rosemary, paprika, smoked paprika, onion powder, jalapeno powder, salt, sugar, brown sugar, garlic powder, parsley, lime, orange, maple syrup, curry powder, chili powder, chipotle powder, honey, coconut, cinnamon, nutmeg, ginger, and thyme. Organic/Fair traded/NonGMO ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 acccording to how we make our Cannabis Infused Coconut Oil and Butter. We'll do the calculations on what will equate to 5mg THC per serving pouch (as we do with our previously approved and in production granola) and mix ingredients according to that. All wet ingredients will be mixed with the cannabis infusion for homogeneity and then coating the nuts evenly and into the commercial oven at low and long baking temperatures for roasting. Nuts will then be cooled and packaged with proper testing procedures followed and submitted, available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lady Gray Gourmet Medibles, LLC	**MJ License #:**		12254	
License Type:	Marijuana Product Manufacturing				
Doing Business As:	Lady Gray Gourmet Medibles				
Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	THC Soak		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	1 year
Intended Use: Smokable/ edible/topical/wholesale/etc.	Topical		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be mostly off white salt looking or pastel colors from natural food grade coloring, texture will be very course ground salt, shape will conform to the container.
Ingredients:	Various combinations of: Salt, oatmeal, citric acid, vitamin E, baking soda, dried milk, Cannabis Coconut Oil (Organic Coconut Oil, Cannabis, Sunflower Lecithin), dried flowers, natural oils, or equivalent Organic/Fair traded/NonGMO/Phthalate free ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 acccording to how we make our Cannabis Infused Coconut Oil. We'll do the calculations on what will equate to desired milligram THC per container and mix ingredients according to that. The bath soak will then be packaged with proper testing procedures followed and submitted, available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description:
Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Packages will be available in the following options inside of a child resistant, resealable, smell proof mylar bag or jar with shrink wrap applied. Each package would be intended for one time use so no delineations are necessary.

25mg THC total per package = 1 Serving
or
50mg THC total per package = 1 Serving
or
100mg THC total per package = 1 Serving

Jar

Child Resistant Smell Proof Resealable Bags

Sample Labels:
Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lady Gray Gourmet Medibles, LLC	**MJ License #:**	12254		
License Type:	Marijuana Product Manufacturing				
Doing Business As:	Lady Gray Gourmet Medibles				
Premises Address:	36322 Pine Street				
City:	Soldotna	**State:**	Alaska	**ZIP:**	99669

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Truffle Bites		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 mo
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Color will be varying shades of browns with options of naturally colored cocoa butter or crushed nuts atop. Shape will be various molded shapes not appealing to children such as square, triangle, dome, etc.. Texture will range from soft solid throughout to solid outside, chewy inside.
Ingredients:	Coconut butter, cocoa butter, chocolate liqueur, cannabis coconut oil (organic coconut oil, cannabis, sunflower lecithin) or cannabis butter (organic butter, cannabis, sunflower lecithin), honey, maple syrup, sugar, golden cane syrup, brown rice syrup, peanut butter, coconut flour, almond flour, coconut, coconut milk, cocoa powder, vanilla, sea salt, nuts such as pecans, walnuts, peanuts, almonds, pistachios, hazelnuts and/or macadamias, natural flavoring oils such as peppermint, strawberry, etc... Organic/Fair traded/NonGMO ingredients will be used whenever feasible.
Standard Production Procedure and Detailed Manufacturing Process:	Please see earlier MJ05 acccording to how we make our Cannabis Infused Coconut Oil and Butter. We'll do the calculations on what will equate to 5mg THC per bite according to the infused filling and mold those first. They'll be allowed to set then either rolled in finishing cocoa or nuts or put into larger molds where melted chocolate will be poured over then allowed to set. Drizzles, rolling in crushed nuts or other decorative effects may be added with muted geographic designs/nothing geared at children. Truffles will then be packaged with proper testing procedures followed and submitted, refrigerated and available for sale only once testing has passed.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
