

MEMORANDUM

TO: Marijuana Control Board DATE: May 1, 2019

FROM: Erika McConnell, Director RE: Regulations Project – Denial of
Marijuana Control Board License Application

The board initiated this project in October of 2018, to fine tune 3 AAC 306.080 which states reasons the board may deny a new, renewal, or transfer application, or an application for license conversion. It adds conditions of residency, losing right of possession of the premises, and local governing body protests as a reason for denial, and removes license revocation as a reason for not being renewed. Another reason added is the board's finding that the actions of an applicant indicate they will not comply with the regulations—this attempts to get at those applicants who have violated the laws before they are even licensed—but it is possible the phrasing could be improved.

The intent of this project has not been to provide new reasons for the board to deny a license, but rather to better document those reasons the board has experienced in the last two and a half years.

The public comment period for this project closed on April 12, 2019. One comment was received, which is attached.

Options for the board:

- Vote to adopt as written
- Amend; if amendment is significant, put out for public comment
- Send back to staff for revisions
- Close the project without action

Greetings,

I am in favor of the draft regulation for the Denial of Licenses. I believe it helps to make it clear for prospective licensees and the state what should and could prevent a license from being awarded.
