**MEMORANDUM**

TO: Chair and Members of the Board

FROM: Erika McConnell  
Director, Marijuana Control Board

DATE: April 16, 2019

RE: Stoney Moose Kitchens #16991

At the February 2019 meeting, the Board tabled several products for Stoney Moose Kitchens. Attached are eleven products, from those tabled, the applicant would like considered at this meeting.

**Section 6 – Proposed Marijuana Concentrates and Marijuana Products**

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

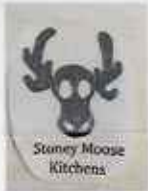

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

<b>Product Name:</b>	Ganjacrisp		
<b>Product Type:</b>	edible		
<b>Perishable: Yes/No</b>	Y	<b>Shelf Life: If perishable.</b>	12 weeks
<b>Product Description:</b> Details must include the color, shape, and texture.	A rice-krisp made with marshmallow and THC-infused coconut oil . Ganjacrisp will be faintly green, crunchy and sweet. Rectangle shape, approx 3" x 2", with a score line in the middle of the crisp to delineate serving.		
<b>Ingredients:</b> This box is not applicable to marijuana concentrates.	rice crisps (rice, sugar, salt, malt flavoring), marshmallow (Corn Syrup, Sugar, Modified Cornstarch, Dextrose, Water, Contains Less Than 2% of Gelatin, Tetrasodium Pyrophosphate (Whipping Aid), Natural and Artificial Flavor, Blue 1), butter, infused coconut oil (as per MJ-05 Section 3.1)		
<b>Standard Production Procedure and Detailed Manufacturing Process:</b>	Melt marshmallows; Mix wet ingredients and infused coconut oil. Stir in crisp rice until evenly distributed, then spread evenly onto baking sheet. Allow to cool and harden off; cut into rectangles and score ganjacrisp down the middle to denote serving lines. Label and quarantine batch; take random samples from batch for testing. Upon successful test results, package product for sale.		
<b>Depiction:</b> Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.			

**Section 7 – Proposed Product Packaging and Sample Labels**

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

<b>Product Name:</b>	Ganjacrisp
<b>Product Type:</b>	edible
<b>Packaging Description:</b> Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	<p>Product shall be sold in a 4" x 6" kraft/mylar bag which is childproof and resealable. Each package will contain two single 5mg servings of THC. Each package will contain a total of 10mg THC. Product shall be scored down the center to delineate serving size, each half of the product being one serving.</p> <p>One serving = 5mg THC = single half ganjacrisp One package = 10mg THC</p>   <p>Ganjacrisp 1 serving = 1/2 crisp = 5mg THC Total Package Servings: 2 (10mg)</p> <p>Marijuana has intoxicating effects and may be habit forming and addictive; Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence; There are health risks associated with consumption of marijuana. For use only by adults twenty-one and older. Keep out of the reach of children. Marijuana should not be used by women who are pregnant or breastfeeding.</p> <p>Manufacturer: Stoney Moose Kitchens, 16991 Retailer: Name: License # Production lot number: xxxxxxxxxxxx METRC ID: xxxxxxxxxxxxxxxxxxxxxxxxxxxx Test Results: Test Facility Name: License # Total THC per serving: Total THC per package: Total CBD per serving: Total CBD per package: Microbial: N Fungicide: N Herbicide: N Pesticide: N</p> <p>Best by: Nutrition Data: Serving size: 1/2 of crisp Servings per container: 2 Amount per serving: Calories: 45 Total Fat: 1g, (1% DV), Saturated Fat: 1g, (1% DV), Cholesterol: 5mg, (1% DV) Sodium: 30mg, (1% DV), Total Carbs: 9g, (3% DV) Fiber: .0g, (0% DV) Sugars: 2g, Protein: .5g Vitamin A 4%, Vitamin C 0% Calcium 1%, Iron 3%</p>
<b>Sample Labels:</b> Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	

**Section 6 – Proposed Marijuana Concentrates and Marijuana Products**

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

<b>Product Name:</b>	Infused Kombucha		
<b>Product Type:</b>	edible liquid		
<b>Perishable: Yes/No</b>	Y	<b>Shelf Life: If perishable.</b>	12 weeks
<b>Product Description:</b> Details must include the color, shape, and texture.	Kombucha is a fermented liquid which is slightly carbonated. It will be different colors depending on the added ingredients, but is generally a golden color.		
<b>Ingredients:</b> This box is not applicable to marijuana concentrates.	Kombucha culture (SCOBY mushroom, black tea, green tea, mate), cane sugar, THC-infused vegetable glycerine (as per MJ05-3.1), various added flavors (grapefruit, tumeric, ginger, cayenne, watermelon, pomegranate, lemon)		
<b>Standard Production Procedure and Detailed Manufacturing Process:</b>	Boil water and melt sugar into solution. Add tea, steep and cool. Transfer mix to large glass jar with breathable top. Add flavor, mix in; add SCOBY, cover and store for aprox 2 weeks. When mixture is done with fermentation process, decant liquid and add infused vegetable glycerine and flavor combination. Quarantine and label batch for testing; upon testing, decant liquid into bottles, seal and label for sale.		
<b>Depiction:</b> Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.			

## Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.
