Anchorage, AK 99501
Main: 907.269.0350

MEMORANDUM

TO: Marijuana Control Board DATE: May 1, 2019

FROM: Erika McConnell, Director RE: Einstein Labs, #10082,
Product Manufacturing Facility

The application for this license was originally approved by the board in September of 2016. The license was issued in January of 2017 and became effective in February of 2017.

The renewal of this license for the 2018/2019 operating period was brought to the board at the December 2018 meeting because one of the licensees no longer met the definition of resident of the state at 3 AAC 306.015(e)(2). The board tabled consideration of the renewal to the February 2019 meeting, with the requirement that all transfer documentation to remove the non-resident be submitted by that meeting. The required documents were submitted the day of the February board meeting. The licensee has been operating off of a temporary license.
