MEMORANDUM

TO: Chair and Members of the Board

DATE: September 3, 2019

FROM: Erika McConnell
Director, Marijuana Control Board

RE: Frontier Manufacturing #13839

Frontier Manufacturing, a marijuana product manufacturing facility, is requesting approval of two new products. Attached is the MJ-16 Proposed New Marijuana Product application for each.

Special note: The ingredients for both products include an "or" reference, however, it is for a currently approved product that is not part of this request.

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product**What is this form?**

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. The required \$250 proposed new marijuana product fee may be made by check, cashier's check, or money order.

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	SUNNYBROOK GROUP, LLC	MJ License #:	13839		
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	FRONTIER MANUFACTURING				
Premises Address:	38436 S. Malaspina Loop				
City:	Talkeetna	State:	Alaska	ZIP:	99676

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Peanut Budder Balls				
Product Type: Choose one.	Other Marijuana Product

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	High quality cannabis-infused creamy peanut butter filling, encased in milk chocolate. Brown, bite-sized ball, crunchy and creamy textures.
Ingredients:	Peanut butter, powdered sugar, cannabis butter (cream (milk), salt, cannabis or cannabis concentrate, potassium sorbate, almond oil, natural flavor), whole wheat flour, flour (wheat, thiamine, riboflavin, niacin, folic acid, iron), sugar, brown sugar, butter, honey, baking powder, baking soda, milk, vanilla, whole milk, cocoa butter, cocoa beans, palm oil.
Standard Production Procedure and Detailed Manufacturing Process:	<p>Put cannabis butter in mixer and add peanut butter, graham cracker crumbs, powdered sugar and vanilla. Mix to incorporate. Divide and cover in chocolate. Weigh and enter into METRC. Collect random samples for testing. Enter weight in METRC. Submit for testing</p> <p>Place in a numbered and labeled container and store in secure storage room to await testing results. To fulfill an order, move product into packaging room. Take appropriate amount of packages out and fill in Production number and Batch number. Put appropriate stickers on package noting strain dominance and testing information. Fill in product "Best by:" date. Set aside. Put appropriate amount of product on the scale, write weight on package, then put product into package and close. Repeat process for remaining packages in retailer's order. Return remaining product to secure storage. Heat seal filled packages. Place order into bin and return to secure storage. Keep in secure storage until readied for transport.</p>
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

AMCO License # 13839

Thanks for checking us out.
If you are new to cannabis or just new to edibles, set aside some time, go to a place you relax, and plan to do something you enjoy. Start slow, take one to start. Generally, Sativa is uplifting, Indica is relaxing. Effects kick in between 45 minutes to an hour or so. Work your way up until you reach a comfortable physical and mental state. Enjoy!

Please Refrigerate After Opening

Allergy Advisory:
Produced in a facility that uses milk, corn syrup, eggs, peanuts, tree nuts (such as almonds, cashews, walnuts, pecans), and wheat.

Warning:
Marijuana has intoxicating effects and may be habit forming and addictive. Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence. There are health risks associated with consumption of marijuana. For use only by adults twenty-one and older. Keep out of the reach of children. Marijuana should not be used by women who are pregnant or breast feeding. (3 AAC 306.570)

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Frontier Sour Ganja Gummies				
Product Type: Choose one.	Other Marijuana Product				
Perishable: Yes/No	Yes	Shelf Life: If perishable.	180 Days		
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible				

**Section 6 – Proposed Marijuana Concentrates and Marijuana Products**

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Frontier Sour Ganja Gummies		
Product Type:	Marijuana Edible Product		
Perishable: Yes/No	Yes	Shelf Life: If perishable.	180 Days
Product Description: Details must include the color, shape, and texture.	High quality cannabis infused gummies in delicious tart flavors. Green, blue, various shades of reds, oranges and yellows, in a soft, sour/sweet, chewy, small, square, 1/2" x 1/2", bite sized gummy. All flavors listed below will be used at one time or another, for flavoring the gummies: Apple, Apricot, Berry Blue, Black Cherry, Black Raspberry, Blackberry, Blackberry Fusion, Cherry, Cherry Lemonade, Concord Grape, Cotton Candy, Cranberry, Cranberry-Strawberry, Fruit Punch, Grape, Green Apple, Lemon, Lime, Lemon-Lime, Mango, Melon Fusion, Melon-Berry, Orange, Peach, Pina Colada, Pineapple, Raspberry, Strawberry, Strawberry Daiquiri, Strawberry-Banana, Tropical Fusion, Watermelon		
Ingredients: This box is not applicable to marijuana concentrates.	Cannabis tincture (vegetable glycerin, cannabis or cannabis concentrate, potassium sorbate, almond oil, natural flavor), water, sugar, gelatin, adipic acid, natural and artificial flavor, disodium phosphate, fumaric acid, citric acid, yellow 5, blue1, red 40, BHA & BHT, honey, olive oil, beeswax.		
Standard Production Procedure and Detailed Manufacturing Process:	In a large sauce pan, add cannabis tincture, flavoring, sweetener and water. Heat and stir with whisk. Heat until boiling, stirring and cooking for 5-10 minutes. Pour into oiled pans. Cool completely. Cut with portion tool. Put gummies in a large bowl and pour enough oil mixture in to lightly coat. Bag up gummies. Take random samples for testing. Enter weight in METRC. Submit for testing. Place in a numbered and labeled container and store in secure storage room to await testing results. To fulfill an order, move product into packaging room. Take appropriate amount of packages out and fill in Production number and Batch number. Put appropriate stickers on package noting strain dominance and testing information. Fill in product "Best by:" date. Set aside. Put appropriate amount of product on the scale, write weight on package, then put product into package and close. Repeat process for remaining packages in retailer's order. Return remaining product to secure storage. Heat seal filled packages. Place a METRC RDIF label on each package and enter into tracking system. Place order into bin and return to secure storage. Keep in secure storage until readied for transport.		
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
