MEMORANDUM

TO: Marijuana Control Board DATE: September 11, 2019

FROM: Erika McConnell, Director RE: Cultivated Confections,
#20532, Marijuana Product Manufacturing

In May of 2019, the board upheld the Municipality of Anchorage's protest of this new license application with a 120-day abeyance, which expired on September 4, 2019.

Due to the expected timeline on the Special Land Use Permit, the licensee is concerned that they will not meet the abeyance deadline. They are requesting an extension of the abeyance period to December 1, 2019 or approval with delegation.

Re: CC Enterprises, Inc. dba Cultivation Confections - License 20532 request for
Abeyance Period Extension

Dear Director McConnell and Honorable Marijuana Control Board Members:

I am writing on behalf of Cultivation Confections - license 20532 to request an extension of the abeyance period from the deadline of August 30, 2019 to December 1, 2019 for the Municipality of Anchorage to lift its protest.

The licensee has not yet received from the assembly an approved Special Land Use Permit for the manufacturing facility. Cultivated Confections has completed and submitted their SLUP application with the MOA and has been deemed complete. The next step is for Cultivated Confections is to appear in front of the Anchorage Assembly for the assembly to review and vote to either approve or deny the manufacturing license at hand. Cultivated Confections is scheduled to appear on the October 8th, Assembly agenda. Casey and his team are working efficiently at the location to ensure once all required approvals are received, they can call for their inspection shortly after.

We would like to request an extension date to December 1, 2019 OR alternatively, approve the license under the newly codified regulations allowing you to do so.. Thank you for your consideration.

Sincerely,

Jana D. Weltzin, Esq.
