Good Afternoon,

Could you please scan and email me the completed hand-signed copy of manifest #650711? There appears to be a discrepancy in the estimated date and time of departure/arrival and when it was accepted into the receiving licensee's METRC account. The signed copy is needed for further review.

Thank You in Advance,

Amanda

I am not an expert on diagnosis on internet but I hit the receive button when I received this on the 18th but it did not update into the system. We had to go through all the cables and shut down everything on the 18th of February. There are glitches in the system sometimes with no explanation. We will do our best so this doesn't happen again. Thanks for letting me know there was a problem.

Regards
Brennan J Norden
