Hello,

We have received the NOV regarding a special that we ran on Weed Maps over the weekend of April 27-28, 2019. While I did not personally run the ad, the purpose of the ad was to offer a special to people who **QUALIFIED** for the special by the purchase of an ounce of Silver OG (one of our house strains) that weekend. The process was to give a unique card that enabled a discount on a future purchase of our own Silver OG Concentrate. The ad was only ran for the weekend and was down before I received the phone call. We do however feel that our purpose was not in violation, as it was offered to **qualify** for a discount for a purchase in the future. The customer brings the card in and it reflects that the customer did previously purchase the ounce that qualifies them for the discounted special of another of our own products. Please reconsider this as we feel it was not a violation, but rather an honest discount to our loyal customers.

Thank you,
Karen Lowry

This is in response to the NOV #AM190664 we received on April 29, 2019. We have also attached the email in response to the violation. We spoke directly with James Holscher about this issue and he informed us the NOV would be rescinded, as the topic of the ambiguity of a 5600 mg limit and the variety of ways that would actually be met in reality (a flower testing more than 20% would not actually be able to be sold at an ounce and stay within regulation etc.) At the MCB meeting in July the regulation was even addressed where Mr. Holscher informed the board he was in contact with us and it was an ambiguous regulation that did not have a clear answer. We reiterate that this was cleared up with Mr. Holscher before the MCB meeting in July AND at the meeting. We look forward to clarity around the issue of a 5600 mg max sale in the future.

Thank you,

Alaskan Blooms
