

Notice of Violation

(3AAC 306.805)

This form, all information provided and responses are public documents per Alaska Public Records ACT AS 40.25

Date: 06/07/2018

Licensee: Green Life Supply, LLC

DBA: Green Life Supply LLC

License #/Type: 11927 / Retail Marijuana Store

Address: 511 30th Avenue, Fairbanks, AK

AMCO Case #: AB18-0653

This is a notice to you as licensee that an alleged violation has occurred. If the Marijuana Control Board decides to act against your license, under the provisions of AS 44.62.330 - AS 44.62.630 (Administrative Procedures Act) you will receive an Accusation and Notice of your right to an Administrative Hearing.

Note: This is not an accusation or a criminal complaint.

On 4/17/2018 Nathan DAVIS, designated licensee from Green Life Supply LLC, retail marijuana store license #11927, contacted AMCO Enforcement to self-report a problem with his premises' point of sale software (MJ Platform) not reporting sales into METRC since early March. DAVIS reported since opening the store on 03/02/2018 he began noticing the cash register till and the end of day sales reports were not matching up. DAVIS stated from the employee's perspective sales appeared to be recording properly and the point of sale gave no indication to the user that the sale was not actually recording. Upon further review he discovered the point of sale software was not properly reporting the sales into the state's mandatory marijuana tracking system, METRC. DAVIS said he attempted to work with the point of sale software company, MJ Freeway, to resolve the reporting discrepancy.

DAVIS attempted to resolve the issue by working with MJ Freeway. After not being able to resolve the reporting discrepancy with MJ Freeway he began working nights programming a new point of sale system. DAVIS closed the store, inventoried all marijuana and marijuana product in the store, cross referenced the inventory with METRC and found the inventory was off. At this point DAVIS contacted AMCO Enforcement to self-report the issue and worked with AMCO Enforcement to implement a plan to correct the problem. DAVIS did not reopen the store until 04/20/2018 after correcting the inventory discrepancy and implementing the new point of sale software system.

Due to the software deficiency each transaction from the marijuana retail store's original point of sale system was not reconciled at the close of each business day with the marijuana inventory tracking system from when the store opened in early March to when the store was closed to conduct an inventory audit in mid-April.

Hello Michael heres the breakdown of what has gone on.

Mar 2nd we opened our doors and began selling product. We began noticing that our till and end of day reports were not matching up. The first week of business we began trying to figure out what had happened and when going into API interactions everything seemed to be recording. we even had the software company get on with us and they confirmed we were working properly. However still the till and end of day report were not matching. so at this point we are in week 2. at the beginning of week 3 I began to be persistent with MJ platform that something was wrong and again they got into interactions and assured me we were good. I was reluctant to believe them So i cleared my schedule and began watching every transaction from my crew to be sure that these were not human errors. After a Week of that and scanning API interactions i Knew without a doubt that the program was failing us. So we began trying to remedy this thru the software, after a couple weeks of email bounce backs and about 60 phone calls and no help from the company. I shut the doors and began inventory of every gram of product and cross referenced that with METRC and found the inventory was off. I then reached out to MJ platform to try and resolve but noticed the admin had begun manually changing our sales records and we had up to 8hr. gaps in our records. I then began working nights programming a new point of sale program and broke the integration with MJ freeway. After Deciding MJ freeway would not resolve the issue, I contacted enforcement. I am forwarding the screen shots with the alterations and gaps in sales. I sincerely apologize we thought this could be resolved from within the software and am aware that I am ultimately responsible for reporting. I accept this was my fault and will work hard provide any further information or take any coarse of action that enforcement requires.

Sincerely,

Nathan Davis 907-795-0515
