MEMORANDUM

TO: Chair and Members of the Board

DATE: December 16, 2019

FROM: Glen Klinkhart
Interim Director, Marijuana Control
Board

RE: X-Tracted Laboratories #13249

Royal Mountain Extracts LLC, a marijuana product manufacturing facility, is requesting approval of one new product. Attached is the MJ-16 Proposed New Marijuana Product form.

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required \$250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Royal Mountain Extracts, LLC	MJ License #:	13249		
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	X-tracted Laboratories				
Premises Address:	38957 South Commercial Drive				
City:	Talkeetna	State:	Alaska	ZIP:	99676

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Refine Premium Infused Joint				
Product Type: Choose one.	Other Marijuana Product				
Perishable: Yes/No	Yes	Shelf Life: If perishable.	2 years		
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokeable				

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Each Refine Premium Infused Joint consists of 0.7grams of freshly ground flower carefully blended with 0.3grams of Refine Alaska Loud Resin, Northwest Concentrates, Refine Alaska Distillate, or Refine Alaska Cannabinoid Isolate. The flowers are specifically selected for their excellent terpene profile. The result is an extremely smooth, flavorful, and strong joint that is wonderful to share with friends. Total package size will be approximately 0.73" x 3.54" - 4.60"
Ingredients:	Flower from licensed Alaskan cultivation facilities and marijuana concentrates produced in-house.
Standard Production Procedure and Detailed Manufacturing Process:	These are called joints instead of prerolls because each one is precisely and mechanically packed utilizing state-of-the-art equipment. Flower and concentrate are blended and evenly homogenized, then packed into the rolling paper. Afterwards, they are individually packaged by hand. This process results in a consistent, even-burning smoke that does not disappoint.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description:

Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

The packed joint will be sold and packaged individually. Each Refine Premium Infused Joint will come in its own resealable, child-proof, joint tube. X-tracted Laboratories will place a sticker/label on each joint tube that will contain all required regulatory information, testing info, and any other relevant information.

Total package size will be approximately 0.73" x 3.54" - 4.60"

Sample Labels:

Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Refine Premium Infused LOUD Joint - 1 gram
