

MEMORANDUM

TO: Chair and Members of the Board DATE: January 8, 2020

FROM: Glen Klinkhart RE: Arctic Bakery, LLC #16006
Interim Director, Marijuana Control
Board

Arctic Bakery, LLC, a marijuana product manufacturing facility, is requesting approval of eight new products. Attached is the MJ-16 Proposed New Marijuana Product for each product.

1. Arctic Crude
2. Arctic Honey
3. Arctic Honey - D9 (Cartridge)
4. Arctic Ice Caps
5. Arctic Jellies
6. Arctic Taffy
7. Northern Stars - Dark Chocolate Orange
8. Northern Stars - Dark Chocolate Raspberry

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product**What is this form?**

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required \$250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	ARCTIC BAKERY, LLC	MJ License #:	16006		
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	ARCTIC BAKERY, LLC				
Premises Address:	1409 Well Street				
City:	Fairbanks	State:	Alaska	ZIP:	99701

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Arctic CRUDE				
Product Type: Choose one.	Marijuana Concentrate				
Perishable: Yes/No	No	Shelf Life: If perishable.			
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokable				

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description:

Details must include the color, shape, and texture.

The product will appear similar to molasses. It will be black to dark brown in color with a viscous texture but still fluid enough to dispense from a syringe at room temperature. The shape of the product will match that of the syringe it will come in.

Ingredients:

RSO oil is a Marijuana Concentrate. MCT (medium chain triglycerides) oil may be used as a diluent if necessary to obtain the right viscosity.

Standard Production Procedure and Detailed Manufacturing Process:

To make RSP Oil, Marijuana is soaked in ethanol. Marijuana is separated from the ethanol and the extracted ethanol is evaporated using a solvent recovery system. The resulting oil is decarboxylated. The oil may be mixed with MCT (medium chain triglycerides) oil and homogenized to achieve the desired final viscosity. A random sample of the resulting oil will be submitted to a licensed testing facility for analysis. 1/2g and 1g amounts of the final oil will be inserted into a syringe with a dosing gun and weighed for accuracy. The filled syringe will be placed in a plastic blister package with a paper cardstock insert with product details.

Depiction:

Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

similar to this generic syringe.

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description:

Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Syringe is packed inside a 3"x5" sealed plastic blister pack (similar to those generic ones shown). Net weight of product will be 1/2 gram or 1 gram of RSO Oil. Paper card stock behind product will contain branding and product name. Back of blister pack will have label with producer, product, batch number, testing, THC and other cannabinoid content and retailer information.

Sample Labels:

Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Front Product Label**Back page warning and product information.**

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product**What is this form?**

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required \$250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	ARCTIC BAKERY, LLC	MJ License #:	16006		
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	ARCTIC BAKERY, LLC				
Premises Address:	1409 Well Street				
City:	Fairbanks	State:	Alaska	ZIP:	99701

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Northern Stars – Dark Chocolate Orange				
Product Type: Choose one.	Edible				
Perishable: Yes/No	No	Shelf Life: If perishable.	Keep Cool		
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible	Best under 3 months.			

**Form MJ-16: Proposed New Marijuana Product****Section 3 – Proposed Product Details**

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description:

Details must include the color, shape, and texture.

Dark brown star shaped smooth and firm Dark Chocolate pieces are flavored with natural orange flavoring oil and infused with Cannabis Distillate Oil. Each is about 1 inch in diameter and about 3/8 inches thick. Each will weigh about 6 grams. Each piece shall be infused with 5 mg of Cannabis Distillate Oil. 4 pieces will be pack in each box.

Ingredients:

Ingredients: Semisweet chocolate (unsweetened chocolate, sugar, cocoa butter), sunflower lecithin, vanilla, Natural Orange Flavoring Oil, and previously approved Cannabis Distillate Oil.

Standard Production Procedure and Detailed Manufacturing Process:

Dark Chocolate will be melted in specialized equipment, orange oil flavor will be added and the chocolate infused with Cannabis Distillate Oil. The chocolate will be tempered and poured into molds, cooled and allowed to set. Then each piece will be wrapped in foil or film and boxed.

Depiction:

Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description:

Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Chocolate candles will be packaged in a white square box sized about 3" x 3" x 3/4" high. The inner box holding the candles will slide out of an outer wrap-around cover. Labels, described below, will be attached to the top of the box and the bottom. The label on the top of the box will show the main brand marks, product picture, name, etc. The label on the bottom will contain all the regulation warnings, production plant information and ingredients.

The box is child-resistant by having two folding tabs that must be pressed against the box allowing the sliding interior box to be pushed out. This forces the purchaser to turn the box over, exposing the warnings and information.

5 mg THC per serving (1 piece of candy)
for a 1 piece box a total of 5 mg THC
for a 2 piece box a total of 10 mg THC
for a 3 piece box a total of 15 mg THC
for a 4 piece box a total of 20 mg THC
for a 5 piece box a total of 25 mg THC
for a 6 piece box a total of 30 mg THC
for a 7 piece box a total of 35 mg THC
for an 8 piece box a total of 40 mg THC
