● **CONSIDERATION OF EMERGENCY DELEGATION OF AUTHORITY**

**TAB 64**

*1:30 pm: Director Klinkhart summarizes the memo for consideration/discussion. Joan Wilson provides some background and reasoning. The board could delegate authority to the director to act at the behest of the board except to propose or adopt regulations.*

*Loren J. says he thinks that the board is still okay. He asks if there is any board member that wants to discuss the list or pass it over.*

*Bruce S. inquires how the ABC board handled the consideration. Joan Wilson says that they have not delegated any additional authority.*

*Nick M. says the items in the memo match the regulations. The ABC board took an advisory vote to ask the Governor about to-go orders and curbside pickup. Delivery was tabled to June.*

*Joan Wilson gives the board different suggestions.*

*Bruce S. asks Joan if the board could allow curbside pickup with a stipulation within view of security cameras as an emergency regulation. Joan says yes and to tell the Governor which laws they want to suspend.*

*Christopher J. asks if the board is getting ahead of themselves. Nick M. jumps in and addresses some of Christopher's concerns to better meet the health mandate. Christopher J. says the proposals by AMIA are not protecting public safety.*

*Loren J. asks board members to focus on the curbside pickup issue. Nick M. asks if the board is following the emergency regulations process. How do they accomplish this? Joan Wilson asks if they want to ask*

*the Governor to suspend or would they like to do a combination of emergency regulations for safety measures to put in place. Will need to go through the Department of Law or the board can decide to suspend. Nick M. says he is trying to understand the emergency regulation statute and how it fits.*

*Casey D. says it is going to take a while to do. They have to consider how they roll any of this back. It will be difficult and may not be in the board's best interest.*

*Joan Wilson says that the emergency regulations would terminate after 120 days. Can we tie them to the health mandates? Joan asks why are they doing this? For economy or health? The Governor is focused on public health. Financial needs are not an issue at this time.*

*Christopher J. agrees with Casey. The board should leave it as it is now. If the pandemic gets worse, the board can adjust as necessary. Bruce S. agrees and asks Nick M. if retail stores are open and can operate. How urgent is this for the industry?*

*Nick M. answers that he doesn't know. How urgent is the employee's and customer's health? It is inconvenient. They want to keep people separate. Consumers still don't understand. It makes sense to him to do it in order to better meet the health mandate.*

*Christopher J. says he wants to keep people employed. The Governor can shut the businesses down if he doesn't like what they are doing.*

*Loren J. says that Nick is rightly concerned. It is impossible to keep the 6 foot distance between customer and service provider. Definition of essential businesses. Marijuana is not on the list put out by the governor. Transporting is down – airlines. How can we help with the transport? This topic should be discussed as well.*

*Nick M. says that the industry isn't asking the board to approve to transport marijuana. They are asking for approval to transport product through a carrier like a charter company. Regulations says they cannot.*

*Joan Wilson states the ABC board set up an emergency meeting. That is an option for this board.*

*Christopher J. asks if they want to use a carrier that means they will accept money from marijuana business that could cause problems with their own businesses. Nick M. counters. Will the board be notified who would allow transporting?*

*Loren J. says that Director Klinkhart and Enforcement would tell them. METRC and manifests. Nick M. says that Loren described it well and agrees an additional meeting would be good.*

*Joan Wilson was reviewing regulations about transporting. Will this impact growers getting products tested? Loren J. answers that he believes so and it is a problem. Nick M. agrees. It isn't prohibited. The handlers must have a handler's card and cargo employees will not have that. The marijuana will be in possession of the transporters.*

*Christopher J. supports sending it to the attorney for research.*

*Joan W. says that portions of regulations can be suspended by asking the Governor. Alcohol gave Director Klinkhart direction to provide guidance to licensees.*

*Director Klinkhart says he cannot speak to that at this point. The adjustment of Enforcement priorities and delivery are subjects to still be discussed.*

*Nick M. wants to continue discussing transport and wants handoffs available. He gives an example and wants guidance from Joan Wilson.*

*Loren J. says that should be another piece for Joan to look at. Nick M. states the board does not allow overnight stays/holdovers. He gives another example. Loren J. says to go directly - actively transported or on licensed premises. It should be looked at. Joan Wilson mentions that exposes the transporter to greater danger by staying overnight in a hotel.*

*Nick M. provides another example. Christopher J. says the example violates the health mandates. Nick M. says marijuana business are considered essential if they are under 20 employees. They have to file travel plans.*

*More discussion on the order of mandates and which one supersedes the others.*

*Casey D. says it is uncertain if they will benefit all. Local airlines are hurting. Process should be streamlined.*

*Loren J. asks the board member and Joan about meetings and requests.*

*Bruce S. says a week would be good to get together language, if ideal with legal counsel. Christopher J. concurs.*

*Nick M. states this stuff isn't prohibited. Do they need to fix the interpretation? Loren J. says the director can talk to Enforcement and the attorney can research it.*

*Loren J. asks if it would be possible for the board, staff and the attorney to hold a meeting on 4/10? Director Klinkhart asks if it will be a half day or full day? The answer is a half day 1 pm -4 pm, if timing works out. The meeting will be to deal with the attorney's report on curbside and transportation.*

*Joan Wilson says that Harriet Milks mentioned transactions regarding cash and how many people need to check ids in the store with reduced staff. Vaping and smoking doesn't help to fight the virus.*

*Director Klinkhart asks the board to consider economic licensing fees. Nick M. says as long as the businesses are open he doesn't see why the fees should be suspended.*

● **MARIJUANA MAILBOX**

All correspondence received in the [marijuana@alaska.gov](mailto:marijuana@alaska.gov) inbox from January 4, 2020 to March 13, 2020.

**TAB 65**

3:02 pm

*No public comment at this time. Loren J. asks the board if they have anything.*

*Nick M. is surprised about comments on taxes and people being behind and not paying. He feels the board isn't taking it seriously and encourages the board to read all the comments. Christopher J. agrees with Nick.*

*Loren J. suggests at June meeting that the Director and Joan meet with a representative from Department of Revenue regarding taxes and have them present at the meeting. The rest of the board members agree.*

● **BOARD COMMENTS**

*3:09 pm*

*Loren J. states that he heard a discussion that there was a limited cultivation who had doubled the production with untagged plants. A Notice of Violation was given and working on a process to address the issue. The NOV was not in the board packet.*

*Director Klinkhart addresses Loren's concerns. He invites Jana Weltzin, the counsel for the licensee in question, to chime in. Jana says that the licensee jumped on it when brought to their attention and they are still waiting for Fire Marshal approval. Jana Weltzin agrees with Director Klinkhart that this was a learning experience, and everyone is currently working with enforcement.*

*Loren J. says the board needed to be involved in the process.*

*Nick M. says he has strong feelings about this situation. The board has the authority to negotiate fines and penalties. A discussion with the board's attorney should have happened.*

*Joan Wilson states that she thought Jana Weltzin was going to request an informal meeting.*

*Jana Weltzin says an NOV was not issued yet and that she and her client anticipate a fine. Director Klinkhart never mentioned a fine. It is still being investigated with the Enforcement Unit.*

*Loren J. believes that an NOV and an accusation was drafted. Dropped for now – the director and Joan Wilson need to discuss the situation.*

*3:22 pm*

*Casey D. says the board did a good job addressing the items on the agenda. Encourages the board to look at regulations that they might want to adjust but to avoid things that they might want to rescind.*

*Christopher J. thanks AMCO staff, Director Klinkhart and Loren J. He states that everyone has done an outstanding job.*

*Bruce S. thanks Director Klinkhart, the staff and Joan Wilson. He welcomes Casey D. to the board and wishes the best of luck to the industry.*

*Nick M. appreciates staff. The telephonic meeting was more efficient. He additionally appreciated Casey's questions.*

*Loren J. appreciates staff and compliments the industry.*
