12 Month Tax Delinquency Report

Ms. Reynolds from the Department of Revenue has left state employment. She had been the one creating the 12-month tax delinquency list for the board. When she left, she donated the excel sheet to AMCO, and if the board would like to continue to see the 12-month report, I am

Program Coordinator's Memo December 9, 2022

happy to continue to update it. I do have it updated for this meeting. I do not need access to DOR's information to do so, it is updated based on the monthly delinquency list we already get from them. Attached is the list.

Form Amendments

To add efficiency to the process of a diagram change since these now go straight to enforcement, we made changes to some forms.

MJ-04 (cultivation operating plan supplemental) used to require the applicant to describe the size of the space(s) under cultivation the cultivation facility would have. The applicant would then have to essentially describe the same information on MJ-02 (premises diagram) and MJ-14 (diagram change). We removed the language from MJ-04 and moved it to MJ-02 and MJ-14 so that there is only one form where the same information is being requested, therefore, having only one form that needs to be reviewed when describing the size of the cultivation.

This is what the language looks like in MJ-02

Alaska Marijuana Control Board

Form MJ-02: Premises Diagram

Section 3 - Cultivation Applicants ONLY

Review the requirements under 3 AAC 306.420 and 3 AAC 306.430.

3.1. Describe the site of the space(s) the marijuana cultivation facility intends to be under cultivation, including dimensions and overall square footage. Provide your calculations below:

This is what the language looks like in MJ-14. The licensee fills out only one form as when making a change to their premises diagram as opposed to two.

Alaska Marijuana Control Board

Form MJ-14: Licensed Premises Diagram Change

Section 3 - Summary of Changes

Provide a summary of the changes for which you are requesting approval. For Cultivation licenses: describe the size of the space(s) the marijuana cultivation facility intends to be under cultivation, including dimensions and overall square footage. Provide your calculations below:

Program Coordinator's Memo December 9, 2022

This just serves as a place holder/reminder that I/we have not forgotten about how important would be to have a catalog of approved products.
