To Whom It May Concern:

We can't certify the notice of violation statement on MJ-20 Section 3. Between the price per pound falling, and problematic harvests it has been a struggle to stay ahead of bills. I personally took on another job just to keep operating. We are doing everything in our power to keep our cultivation operational and get taxes caught up.

WRITTEN EXPLANATION OF NOTICE OF VIOLATION

DATE OF NOV: 11/22/21

VIOLATION: DELINQUENT TAX PAYMENT

Stoney Moose Farms (LIC 10657) was late paying the monthly state cultivation tax on cannabls transferred out of the facility. The reason for the late payment was that a fight was cancelled due to weather, and the tax money was unable to make it to the Anchorage drop location.

The payment has since been made and Stoney Moose Farms is in good standing with the Alaska Department of Revenue.

Please accept this photo of my DOR account. MRT-10074101-004.

I did forget to pay the balance due for May but I paid it all in full with my June payment in July. It should be all set.

My apologies. First time in 3 years and I will try to keep it on time.

I am not sure if I am to send this to you or if I need to send to the amco.enforcement email.

Please let me know that this satisfies this notification.

Re: NOV - Nicholas Kurpjuweit dba Green Ghost Farms; License No: 16225

Dear MCB and Enforcement Team:

This letter is in response to the Notice of Violation (“NOV”) dated September 20, 2021, in regard to discrepancies, found during a follow-up inspection, from a previous “virtual inspection” conducted at Green Ghost Farms Cultivation Facility.

During the course of the follow-up inspection, Investigator Chiesa stated that Mr. Kurpjuweit (Licensee) “was receptive and immediately corrected the issues.” Mr. Kurpjuweit had also explained why the violations occurred, and though the explanation did not excuse the violation(s), the intent to adhere to the regulations was verified by Investigator Chiesa. The NOV further stated that due to this being one of the identified issues with licensees that have been inspected virtually during COVID, Enforcement felt that these violations were considered resolved and no further action was recommended.

Please feel free to contact me if you have any questions or concerns regarding this response.

Truly and Sincerely Yours,

This is a notice to you as licensee that an alleged violation has occurred. If the Marijuana Control Board decides to act against your license, under the provisions of AS 44.62.330 - AS 44.62.630 (Administrative Procedures Act) you will receive an Accusation and Notice of your right to an Administrative Hearing.

Note: This is not an accusation or a criminal complaint.

On 9-17-21, I was assigned a follow-up inspection, from a previous "virtual inspection" conducted at your establishment. To verify all regulatory requirements conducted during an on-site inspection.

The following discrepancies were noted: Mother Room contained 18 untagged plants which had been there a "couple of days". In the Veg/Immature Plant Room there were 19 Untagged plants which had "been there about ten days". All untagged plants were over 18 inches in height. The clone count was off due to not updating METRC when plants died off.

The licensee was receptive and immediately corrected the issues. The licensee also had explained why the violations occurred, while the explanations do not excuse the violation(s), I was able to verify the intention of the licensee was to enter the plants into METRC.

Due to this being one of the identified issues with licensees that have been inspected virtually during COVID, Enforcement feels that these violations are resolved and recommend no further action.
