On November 15, 2020, the Marijuana Control Board's regulation 3 AAC 306.995 which allows for a retail marijuana store to offer curbside/window pick-up, Internet, or phone orders expired. The Marijuana Control Board voted during their last meeting to NOT extend the November 15, 2020, deadline, therefore, retail marijuana stores exercising temporary Covid-19 operations are required to cease the practice and immediately return to their prior forms of operating before 3 AAC 306.995 was enacted.

Sincerely,
