(2) the time allowed for an objection under 3 AAC 306.065 has elapsed.

(b) Not later than seven days before the date set for board action on an application for a new license, renewal of a license, or transfer of a license to another person, the director shall post a meeting agenda

The director shall retain the written objection, protest, or suggested condition or petition, and the hearing record as part of the permanent record of the board's review of an application.

3 AAC 306.080. Denial of license application

(a) After review of the application, including the applicant's proposed operating plan and all relevant information, the board will deny an application for a new license if the board finds that

(6) the license would not be in the best interests of the public.

(b) After review of the application and all relevant information,

the board will deny an application for renewal of a marijuana establishment license if the board finds

- (1) any cause listed in (a) of this section;
- (2) that the license has been revoked for any cause;
- (3) that the license has been operated in violation of a condition or restriction the board previously imposed; or
- (4) that the applicant is delinquent in the payment of taxes due in whole or in part from operation of the licensed business.

- (2) that the transferor has not paid all debts or taxes arising from the operation of the business licensed under this chapter unless the transferor gives security for the payment of the debts or taxes satisfactory to the creditor or taxing authority;
- (3) that transfer of the license to another person would result in violation of the provisions of this chapter relating to identity of licensees and financing of licensees; or
- (4) that the prospective transferee does not have the qualifications of an original applicant required under this chapter.

(d) If the board denies an application for a new license, renewal of a license, or transfer of a license to another person, the board will, not later than 15 days after the board meeting at which the application was denied, furnish a written statement of issues to the applicant, explaining the reason for the denial in clear and concise language, and identifying any statute or regulation on which the denial is based. In the notice of denial the board will inform the applicant of the right to an informal conference under 3 AAC 306.085 and to a formal hearing under 3 AAC 306.090.

3 AAC 306.085. Informal conference

(a) If an applicant for a new license, renewal of a license, or transfer of a license to another person is aggrieved by an action of the board denying the application, the applicant may, not later than 15 days after the date of the written notice of denial, request an informal conference with the director or the board. An informal conference requested under this section must be held at a time and place convenient to the applicant and the board, but not later than the next scheduled meeting of the board. An informal conference may be conducted telephonically.

A ballot question to change a local option under this section must at least contain language substantially similar to: "Shall (name of local government) change the local option currently in effect, that prohibits (current local option), and adopt in its place a local option to prohibit (proposed local option)? (yes or no)."

3 AAC 306.220. Removal of local option

(a) If a majority of the persons voting on the question vote to remove a local option previously adopted under 3 AAC 306.200 or 3 AAC 306.210 and currently in effect, or if a local government's assembly or city council passes an ordinance to the same effect, that local option is repealed effective the first day of the month after the election is certified. Each harvest batch must be given an inventory tracking number. Clones or cuttings must be limited to 50 or fewer plants and identified by a batch tracking number.

(b) A marijuana cultivation facility shall record each sale and transport of each batch in its marijuana inventory tracking system, and shall generate a valid transport manifest to accompany each transported batch.

(c) A marijuana cultivation facility shall record in its marijuana inventory tracking system all marijuana used to provide a sample authorized under 3 AAC 306.460 for the purpose of negotiating sales, including

(1) the amount of each sample;

(2) the retail marijuana store or marijuana product manufacturing facility that received the sample; and

(3) the disposal of any expired or outdated promotional sample returned to the marijuana cultivation facility.

3 AAC 306.440. Health and safety requirements

(a) A marijuana cultivation facility shall comply with all applicable health and safety requirements set out in 3 AAC 306.735 and the additional requirements set out in this section.

(b) A marijuana cultivation facility shall ensure that any licensee, employee, or agent who is present at the marijuana cultivation facility and in contact with any marijuana

(1) wears clean clothing appropriate for the duties that person performs;

(2) wears protective apparel, such as head, face, hand, and arm coverings, as necessary to protect marijuana from contamination; and

(3) practices good sanitation and health habits.

3 AAC 306.445. Standards for cultivation and preparation

3 AAC 306.450. Production of marijuana concentrate prohibited

A marijuana cultivation facility may not produce or possess marijuana concentrate that was extracted using any process described in 3 AAC 306.455 on the marijuana cultivation facility's licensed premises unless the marijuana cultivation facility also has a marijuana product manufacturing facility license. Any extraction or production of marijuana concentrate on the premises of a licensed marijuana cultivation facility must

(1) be in a separate room that

(A) is physically separated by a secure door from any cultivation area; and

(B) has a sign that clearly identifies the room as a marijuana concentrate production area, and warns unauthorized persons to stay out; and

(2) comply with all applicable provisions of 3 AAC 306.500 - 3 AAC 306.570.

3 AAC 306.455. Required laboratory testing

(a) A marijuana cultivation facility shall provide a sample of each harvest batch of marijuana produced at the facility to a marijuana testing facility and may not sell or transport any marijuana until all laboratory testing required under 3 AAC 306.645 has been completed.

(b) To comply with (a) of this section, a marijuana cultivation facility shall

(1) collect a random, homogenous sample for testing by segregating harvested marijuana into batches of individual strains of

bud and flower, then selecting a random sample from each batch in an amount required by the marijuana testing facility;

(2) designate an individual responsible for collecting each sample; that individual shall

(A) prepare a signed statement showing that each sample has been randomly selected for testing;

(C) maintain a copy as a business record under 3 AAC 306.755; and

(3) transport the sample to the marijuana testing facility's licensed premises in compliance with 3 AAC 306.750.

(c) A marijuana cultivation facility shall segregate the entire batch from which the testing sample was selected until the marijuana testing facility reports the results from its tests. During this period of segregation, the marijuana cultivation facility that provided the sample shall maintain the batch in a secure, cool, and dry location to prevent the marijuana from becoming contaminated or losing its efficacy. The marijuana cultivation facility that provided the sample may not sell or transport any marijuana from the segregated batch until the marijuana testing facility has completed its testing and provided those results, in writing, to the marijuana cultivation facility that provided the sample. The marijuana cultivation facility shall maintain the testing results as part of its business books and records.

3 AAC 306.460. Samples

(a) A marijuana cultivation facility may provide a free sample of marijuana to a retail marijuana store if packaged in a sample jar containing not more than three and one-half grams of marijuana and protected by a plastic or metal mesh screen to allow customers to smell the product before purchase.

(b) A marijuana cultivation facility may provide a free sample of

marijuana to a retail marijuana store or marijuana product manufacturing facility as follows:

(1) a sample provided for the purpose of negotiating a sale may be not more than one ounce;

(2) a marijuana cultivation facility may not provide any one licensed retail marijuana store or marijuana product manufacturing facility with more than one ounce of marijuana per month free-of-charge for the purpose of negotiating a sale.

(c) A retail marijuana store that receives a marijuana sample may not sell the marijuana sample to a customer, and shall either

(1) return the marijuana sample to the marijuana cultivation facility that provided the sample; or

(2) destroy the marijuana sample after use and document the destruction in the retail marijuana store's marijuana inventory control system.

3 AAC 306.465. Random sampling

(a) The board will or the director shall from time to time require a standard or limited marijuana cultivation facility to provide samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks. The sample may be screened for pesticides and chemical residues, screened for unsafe levels of metals, and used for other laboratory tests the director finds to be in the interests of the public. The marijuana cultivation facility shall bear all costs of testing under this subsection.

(b) When the board or the director orders random sampling under this section, the director shall identify a licensed marijuana testing facility to perform the testing. The marijuana testing facility shall collect the test samples. The marijuana cultivation facility shall cooperate to facilitate the collection of samples.

3 AAC 306.470. Packaging of marijuana

(a) A marijuana cultivation facility shall package its marijuana bud and flower for sale

(1) to a retail marijuana store, either

(A) in a package not exceeding one ounce for resale to consumers without additional handling by the retail marijuana store except to add the retail marijuana store's own

(i) identifying name or logo; and

(ii) license number; or

(B) in a wholesale package not exceeding five pounds for repackaging by the retail marijuana store; or

(2) to a marijuana product manufacturing facility in a wholesale package

(B) consisting of a single strain or a mixture of strains as identified on the label.

(b) When a marijuana cultivation facility packages marijuana for a retail marijuana store to sell to a consumer without repackaging, the packaging may not have any printed images, including cartoon characters, that specifically target persons under 21 years of age. In addition, the packaging must protect the product from contamination and may not impart any toxic or damaging substance to the marijuana.

(c) Each package prepared in compliance with this section must be identified by a tracking label generated for tracking by the marijuana cultivation facility's marijuana inventory tracking system.

(d) A marijuana cultivation facility shall prepare marijuana for transport or transfer to another marijuana establishment by

(1) placing marijuana packaged in compliance with (a) - (c) of this section within a sealed, tamper-evident shipping container;

(2) affixing a label in compliance with 3 AAC 306.475 to the shipping container; and

(3) generating a transport manifest from the marijuana cultivation facility's marijuana inventory tracking system; the transport manifest must remain with the marijuana at all times while being transported, and a copy must be given to the licensed marijuana establishment that receives the shipment.

3 AAC 306.475. Labeling of marijuana

(a) When a marijuana cultivation facility packages marijuana for a retail marijuana store to sell to a consumer without re-packaging, the marijuana cultivation facility shall affix a label to each package of marijuana or marijuana product that contains each of the following statements:

(1) "Marijuana has intoxicating effects and may be habit forming and addictive.";

(2) "Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence.";

(3) "There are health risks associated with consumption of marijuana.";

(4) "For use only by adults twenty-one and older. Keep out of the reach of children.";

(5) "Marijuana should not be used by women who are pregnant or breast feeding.".

performed any required laboratory test and the results of each required laboratory test.

(c) A marijuana cultivation facility may not label marijuana as organic.

(d) To each package of marijuana sold to another marijuana establishment, a marijuana cultivation facility shall affix a label setting out.

(1) the name and license number of the marijuana cultivation facility where the marijuana was grown;

(2) the harvest batch number assigned to the marijuana in the package;

(3) the net weight of the marijuana in the package,
(A) not including weight of the shipping container; and
(B) using a standard of measure compatible with the marijuana cultivation facility's marijuana inventory tracking system; and

(4) a complete list of all pesticides, fungicides, and herbicides used in cultivation of the marijuana.

(e) If a marijuana cultivation facility transports wholesale marijuana to another marijuana establishment for sale at retail or for use in manufacturing a marijuana product, a label must be affixed to the shipping container showing that a licensed marijuana testing facility has tested each harvest batch in the shipment as provided in 3 AAC 306.645. The label must report the test results, including

(1) a cannabinoid potency profile expressed as a range of percentages that extends from the lowest percentage to highest percentage of concentration for each cannabinoid listed from every test conducted on that strain of marijuana from the same marijuana cultivation facility within the last three months;

(2) a statement listing the results of microbial testing required under 3 AAC 306.645(b)(2);

(3) a statement listing the results of residual solvent testing required under 3 AAC 306.645(b)(3), if applicable; and

(4) a statement listing any contaminants for which the product was tested in addition to contaminants for which 3 AAC 306.645(b) requires testing; any additional tested contaminants include

(A) molds, mildew, and filth;

(B) herbicides, pesticides, and fungicides; and

(C) harmful chemicals.

(f) If a marijuana cultivation facility ships wholesale marijuana from a harvest batch that has not been tested for each contaminant listed in (e)(4) of this section, the label for that batch must include a statement identifying each contaminant listed in (e)(4) of this section for which that harvest batch has not been tested.

3 AAC 306.480. Marijuana tax to be paid

A marijuana cultivation facility, including a standard marijuana cultivation facility and a limited marijuana cultivation facility, shall submit monthly reports to the Department of Revenue and pay the excise tax required under AS 43.61.010 and 43.61.020 on all marijuana sold or provided as a sample to a marijuana establishment.

During this period of segregation, the marijuana product manufacturing facility that provided the sample shall maintain the production lot in a secure, cool, and dry location to prevent the marijuana product from becoming contaminated or losing its efficacy. The marijuana product manufacturing facility may not sell or transport any marijuana product from the segregated lot until the marijuana testing facility has completed its testing and analysis and provided those results, in writing, to the marijuana product manufacturing facility that provided the sample. The marijuana product manufacturing facility shall maintain the testing results as part of its business records.

(5) other extracts.

(e) A marijuana product manufacturing facility may use food-grade glycerin, ethanol, and propylene glycol solvents to create extracts. All ethanol must be removed from the extract in a manner to recapture the solvent and ensure that it is not vented into the atmosphere.

3 AAC 306.560. Potency limits per serving and transaction for edible marijuana products

A marijuana product manufacturing facility may not prepare a marijuana product with potency levels exceeding the following, as tested in compliance with 3 AAC 306.645:

(a) The provisions of 3 AAC 306.600 - 3 AAC 306.675 apply to a person offering a service testing, analyzing, or certifying potency, moisture content, pesticide or solvent residue, mold, mildew, bacteria, or other contaminants in marijuana or a marijuana product to another person including a marijuana establishment or a member of the public, whether for compensation or not, as a independent or third-party testing facility.

(b) The provisions of 3 AAC 306.600 - 3 AAC 306.675 do not apply to a licensed marijuana establishment that controls marijuana testing equipment used solely for its own in-house testing of its own cultivated crop, of products produced or manufactured at its own facility, or of retail products placed or offered for sale in its retail marijuana store.

3 AAC 306.605. Marijuana testing facility license required.

(a) A person may not offer or provide a marijuana testing service or test results unless the person has obtained a marijuana testing facility license from the board in compliance with this chapter, or is an employee or agent acting for a licensed marijuana testing facility.

(b) A person seeking a marijuana testing facility license must

- (1) submit an application for a marijuana testing facility license on a form the board prescribes, including the information set out under 3 AAC 306.020 and 3 AAC 306.615; and

- (2) demonstrate to the board's satisfaction that the applicant

- (A) will operate in compliance with each applicable

provision of 3 AAC 306.600 - 3 AAC 306.675 and 3 AAC 306.700 - 3 AAC 06.755;

(B) will operate in compliance with each applicable public health, fire, safety, and tax code and ordinance of the state and the local government in which the applicant's proposed licensed premises are located;

(C) does not hold a marijuana establishment license in this state other than a marijuana testing facility license, or have a financial interest in common with a person who is a licensee of a marijuana establishment in this state other than a marijuana testing facility license; and

(D) meets the board's standards for approval as set out in 3 AAC 306.620 - 3 AAC 306.625.

(c) A licensee of a marijuana testing facility, or an employee or agent of a licensed marijuana testing facility, may not have an ownership interest in or a direct or indirect financial interest in another licensed marijuana establishment.

3 AAC 306.610. Marijuana testing facilities: privileges and prohibitions

(a) A licensed marijuana testing facility may have any amount of marijuana and marijuana products on its premises at any given time if the marijuana testing facility's marijuana inventory tracking system and other records document that all marijuana and marijuana products are on the premises only for the testing purposes described in 3 AAC 306.600 - 3 AAC 06.675.

(b) A licensed marijuana testing facility may not

(1) have a licensee, employee, or agent who holds a type of marijuana establishment license other than a marijuana testing facility license issued under this chapter;

(2) sell, deliver, distribute, or transfer marijuana or a

marijuana product to a consumer, with or without compensation; or

(3) allow a person to consume marijuana or a marijuana product on its licensed premises.

3 AAC 306.615. Application for marijuana testing facility license

An applicant for a new marijuana testing facility license must file an application on a form the board prescribes, including

(1) the information required under 3 AAC 306.020; and

(2) the proposed marijuana testing facility's operating plan, including, in addition to the information required under 3 AAC 306.020(c),

(A) each test the marijuana testing facility will offer;

(B) the marijuana testing facility's standard operating procedure for each test the marijuana testing facility will offer; and

(C) the acceptable range of results for each test the marijuana testing facility will offer.

3 AAC 306.620. Approval of testing facility

(a) A person seeking a marijuana testing facility license must first obtain the approval of the board by showing competence to perform each test the licensee will offer as an independent third-party testing facility, including tests to identify

(1) THC, THCA, CBD, CBDA and CBN potency;

(2) Harmful microbials including Escherichia coli (E. Coli) or salmonella;

(3) residual solvents;

(4) poisons or toxins;

(5) harmful chemicals;

(6) dangerous molds, mildew, or filth;

(7) pesticides.

(b) In evaluating whether a person has shown competence in testing under this section, the board or the board's contractor may

(1) conduct an on-site inspection of the applicant's premises;

(2) require the applicant to demonstrate proficiency in testing; and

(3) examine compliance with any applicable requirement of 3 AAC 306.630 - 3 AAC 306.675, and 3 AAC 306.700 - 3 AAC 306.755, including

(A) qualifications of personnel;

(B) the standard operating procedure for each testing methodology the marijuana testing facility will use;

(C) proficiency testing results;

(D) quality control and quality assurance;

(E) security;

(F) chain of custody;

(G) specimen retention;

(H) space;

(I) records; and reporting of results.

(c) The board will approve a marijuana testing facility license if, after the board or the board's contractor has examined the qualifications and procedures of the marijuana testing facility license applicant, the board finds them generally in compliance with good laboratory practices. Nothing in AS 17.38 or this chapter constitutes a board guarantee that a licensed marijuana testing facility can or will protect the public from all potential hazards of marijuana including microbials, poisons or toxins, residual solvents, pesticides, or other contaminants.

3 AAC 306.625. Proficiency testing program

(a) When an accredited proficiency testing program becomes available in the state, the board may require an applicant for a

marijuana testing facility license to participate successfully in a proficiency testing program not earlier than 12 months before receiving a license. The proficiency testing program must require an applicant for a marijuana testing facility license or a participating licensed marijuana testing facility to analyze test samples using the same procedures with the same number of replicate analyses, standards, testing analysts, and equipment that will be used for product testing. Successful participation is the positive identification of 80 percent of the target analytes that the marijuana testing facility reports, and must include quantitative results when applicable. Any false positive results reported constitute an unsatisfactory score for the proficiency test.

(b) Before renewing the license of a marijuana testing facility, the board may require the facility to participate in a proficiency testing program with documentation of continued performance satisfactory to the board. The license of a marijuana testing facility may be limited, suspended, or revoked if the facility fails to participate and receive a passing score in a proficiency testing program.

(c) The scientific director employed under 3 AAC 306.630 and each testing analyst of an applicant for a marijuana testing facility license and a licensed marijuana testing facility that participated in a proficiency test shall sign a corresponding attestation statement. The scientific director shall review and evaluate each proficiency test result.

(d) An applicant for a marijuana testing facility license, and a licensed marijuana testing facility participating in the proficiency testing program, shall take and document remedial action when the applicant or the facility meets the standards of (a) of this section, but scores less than 100 percent in a proficiency test. To take and document remedial action, the marijuana testing facility's scientific director shall, at a minimum, review all samples tested and results reported after the date of the marijuana testing facility's last successful proficiency test.

3 AAC 306.630. Scientific director

(a) A marijuana testing facility shall employ a scientific director who must be responsible for

(1) overseeing and directing the scientific methods of the laboratory within the marijuana testing facility;

(2) ensuring that the laboratory achieves and maintains quality standards of practice; and

(3) supervising all staff of the laboratory.

(b) The scientific director of a marijuana testing facility must have

(1) a doctorate degree in chemical or biological sciences from an accredited college or university and have at least two years of post- degree laboratory experience;

(2) a master's degree in chemical or biological sciences from an accredited college or university and have at least four years of post- degree laboratory experience; and

(3) a bachelor's degree in chemical or biological sciences from an accredited college or university and have at least six years of post- degree laboratory experience.

3 AAC 306.635. Testing methodologies

(a) An applicant for a marijuana testing facility license and a licensed marijuana testing facility shall

(1) use as guidelines or references for testing methodologies

(B) the United Nations Office on Drugs and Crime's Recommended Methods for the Identification and Analysis of Cannabis and Cannabis Products: Manual for Use by National Drug Analysis Laboratories, dated 2009 and adopted by reference; and

(2) notify the board of any alternative scientifically valid testing methodology the marijuana testing facility proposes to use for any laboratory test it conducts; the board may require third-party validation of any monograph, peer-reviewed scientific journal article, or analytical method the marijuana testing facility proposes to follow to ensure the methodology produces comparable and accurate results.

(b) An applicant for a marijuana testing facility license and the holder of a marijuana testing facility license shall observe good laboratory practices.

(c) The board or the board's contractor may inspect the practices, procedures, and programs adopted, followed, and maintained by the applicant or the licensed marijuana testing facility and may examine all records of the applicant or the licensed marijuana testing facility that are related to the inspection. The board may require an applicant or a licensed marijuana testing facility to have an independent third party inspect and monitor laboratory operations to assess testing competency and the marijuana testing facility's compliance with its quality program. The board may require random validation of a marijuana testing facility's execution of each testing methodology the facility uses. The marijuana testing facility shall pay all costs of validation.

3 AAC 306.640. Standard operating procedure manual

(a) An applicant for a marijuana testing facility license and a licensed marijuana testing facility shall have a written manual of standard operating procedures, with detailed instructions explaining how to perform each testing method the applicant or marijuana testing facility uses and minimum standards for each test. The written manual of standard operating procedures must be available to each employee of the marijuana testing facility at all times. The written manual of standard operating procedures must cover at least

- (1) sample preparation for each matrix that will be tested;
- (2) reagent, solution, and reference standard preparation;
- (3) instrument setup, if applicable;

(4) standardization of volumetric reagent solutions, if applicable;

Required tests may include potency analysis, moisture content, foreign matter inspection, microbial screening, pesticide, other chemical residue, and metals screening, and residual solvents levels. A marijuana testing facility shall establish a schedule of fees and sample size required for each test it offers.

(b) The tests required for each marijuana type or marijuana product, are as follows:

(1) potency testing is required on marijuana bud and flower, marijuana concentrate, and a marijuana product, as follows:

(A) the required cannabinoid potency test must at least determine the concentration of THC, THCA, CBD, CBDA and CBN cannabinoids; a marijuana testing facility may test and report results for any additional cannabinoid if the test is conducted in compliance with a validated method;

(B) a marijuana testing facility shall report potency test results as follows:

(i) for a potency test on marijuana and marijuana

concentrate, the marijuana testing facility shall list for each required cannabinoid a single percentage concentration that represents an average of all samples within the test batch; alternatively, the sum of THC and THCA may be reported as total THC; the sum of CBD and CBDA may be reported as total CBD;

(ii) for a potency test on a marijuana product, whether conducted on each individual production lot or using process validation, the marijuana testing facility shall list for each cannabinoid the total number of milligrams contained within a single retail marijuana product unit for sale;

(iii) testing whether the THC content is homogenous, the marijuana testing facility shall report the THC content of each single serving in a multi-unit package; the reported content must be within 20 percent of the manufacturer's target; for example, in a 25 milligrams total THC package with five servings, each serving must contain between four and six milligrams of THC;

(C) the marijuana testing facility shall determine an edible marijuana product to have failed potency testing if

3 AAC 306.650. Chain of custody

A marijuana testing facility shall establish an adequate chain of custody and sample requirement instructions that include

(1) issuing instructions for the minimum sample requirements and storage requirements;

(2) documenting the condition of the external package and

integrity seals utilized to prevent contamination of or tampering with the sample;

(3) documenting the condition and amount of sample provided at the time the sample is received at the marijuana testing facility;

(4) documenting each person handling the original samples, aliquots, and extracts;

(5) documenting any transfer of samples, aliquots, and extracts to another marijuana testing facility for additional testing or at the request of the marijuana cultivation facility or marijuana product manufacturing facility that provided the testing sample;

(6) maintaining a current list of authorized persons and restricting entry to the marijuana testing facility to those authorized persons;

establishment that provided the sample shall

(1) dispose of the entire harvest batch or production lot from which the sample was taken; and

(2) document the disposal of the sample using the marijuana establishment's marijuana inventory tracking system.

(b) If a sample of marijuana fails a required test, any marijuana plant trim, leaf, and other usable material from the same plants automatically fail the required test. The board or director may approve a request to allow a batch of marijuana that fails a required test to be used to make a carbon dioxide- or solvent-based extract. After processing, the carbon dioxide- or solvent-based extract must pass all required tests.

(c) If a marijuana cultivation facility or a marijuana product manufacturing facility petitions for a retest of marijuana or a marijuana product that failed a required test, the board or director may authorize a retest to validate the test results. The marijuana cultivation facility or a marijuana product manufacturing facility shall pay all costs of a retest. (Eff. 2/21/2016, Register 217; am 7/5/2017, Register 223)

3 AAC 306.665. Supplemental marijuana quality testing

(a) The board or director may at any time determine that the interests of the public require random supplemental testing of marijuana or a marijuana product. When the board or director requires random supplemental testing, the board will or director shall direct the marijuana cultivation facility that produced the marijuana, or the marijuana product manufacturing facility that manufactured the product, to submit a specified sample, batch, or packaged product to a designated marijuana testing facility. The material must be packaged in a manner that ensures the marijuana testing facility will be able to confirm that it has received and is testing the correct supplemental sample.

(b) When a marijuana testing facility receives a sample for random supplemental testing under this section, the marijuana testing

facility shall

(1) perform any required laboratory test the board or director requests; and

(2) report its results to

(A) the board or director; and

(B) the facility that provided the sample.

(c) A marijuana testing facility that conducts laboratory testing under this section shall bill all costs directly to the marijuana cultivation facility or the marijuana product manufacturing facility that provided the samples for testing.

3 AAC 306.670. Reporting; verification

3 AAC 306.750. Transportation

(a) Marijuana or a marijuana product may only be transported to a licensed marijuana establishment by a licensee or an agent or employee

of a licensee.

(b) A marijuana establishment from which a shipment of marijuana or marijuana product originates is responsible for preparing, packaging, and securing the marijuana or marijuana product during shipment, for recording the transfer in the marijuana inventory tracking system, and for preparing the transport manifest. An individual transporting marijuana in compliance with this section shall have a marijuana handler permit required under 3 AAC 306.700.

(c) When marijuana or a marijuana product is transported, the marijuana establishment that originates the transport shall use the marijuana inventory tracking system to record the type, amount and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle. A complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times.

(d) During transport, the marijuana or marijuana product must be in a sealed package or container and in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product. The sealed package may not be opened during transport. A vehicle transporting marijuana or a marijuana product must travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and may not make unnecessary stops in between except to deliver or pick up marijuana or a marijuana product at another licensed marijuana establishment.

(e) When a marijuana establishment receives marijuana or a marijuana product transported in compliance with this section, the recipient of the shipment shall use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received. The recipient shall refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest.

(f) A marijuana establishment shall keep records of all marijuana or marijuana products shipped from or received at that marijuana establishment as required under 3 AAC 306.755. (Eff 2/21/2016, Register 217; am 10/11/2017, Register 224)

3 AAC 306.755. Business records

products as required under 3 AAC 306.750(f).

(c) A marijuana establishment shall exercise due diligence in preserving and maintaining all required records. Article 8

Enforcement; Civil Penalties

3 AAC 306.800. Inspection and investigation

(a) The director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity, may

(1) Inspect the licensed premises of a marijuana establishment, including any marijuana and marijuana product on the premises, equipment used in cultivating, processing, testing, or storing marijuana, the marijuana establishment's marijuana inventory tracking system, business records, and computers, at any reasonable time and in a reasonable manner;

(3) as authorized under AS 17.38.131, exercise peace officer powers and take any other action the director determines is necessary.

(b) A marijuana establishment, and any licensee, employee, or agent in charge shall cooperate with the director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity, to enforce the laws related to marijuana, including

(1) permitting entry upon and inspection of the licensed premises; and

(2) providing access to business records at reasonable times when requested by the director, an enforcement agent, an employee of the board, or a peace officer.

3 AAC 306.805. Report or notice of violation

(a) The director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity, may issue an

inspection report, an advisory report, or a notice of violation before taking action to suspend or revoke a marijuana establishment license.

(b) An inspection report documents an investigator's inspection of licensed premises. An inspection report must be prepared on a form the board prescribes and include information prescribed under AS 17.38 or this chapter or that the board requires.

(c) The director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity may issue an advisory notice when an incident occurs or a defect is noted that could result in a violation of a statute, regulation, or municipal ordinance. An advisory notice may result from an inspection report, but is not a basis for administrative action unless the incident or defect continues or is not corrected.

(d) The director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity may issue a notice of violation if an inspection report or other credible information shows a marijuana establishment is in violation of AS 17.38, this chapter, or other law relating to marijuana. The notice of violation must be delivered to the marijuana establishment at its licensed premises, and to the board. The notice must describe any violation, and cite the applicable statute, regulation, or order of the board. A marijuana establishment that receives a notice of violation may respond to the notice orally or in writing, and may, not later than 10 days after receiving the notice, request an opportunity to appear before the board. A notice of violation may be the basis of a proceeding to suspend or revoke a marijuana establishment's license as provided under 3 AAC 306.810.

3 AAC 306.810. Suspension or revocation of license

(a) The board will suspend or revoke a marijuana establishment license issued under this chapter if any licensee is convicted of a felony or of a crime listed in 3 AAC 306.010(d)(2) or (3), or if the board becomes aware that a licensee did not disclose a previous felony conviction or a conviction of a crime listed in 3 AAC 306.010(d)(2) or

(3).

(b) The board may suspend or revoke a license issued under this chapter, refuse to renew a license, or impose a civil fine, if the board finds that a licensee for any marijuana establishment

(1) misrepresented a material fact on an application for a marijuana establishment license, or an affidavit, report, or signed statement under AS 17.38 or this chapter; or

(2) is following any practice or procedure that is contrary to the best interests of the public, including

(A) using any process not approved by the board for extracting or manufacturing marijuana concentrate or products; or board;

(B) selling or distributing any marijuana concentrate or product that has not been approved by the

(C) failed, within a reasonable time after receiving a notice of violation from the director, to correct any defect that is the subject of the notice of violation of AS 17.38 or this chapter;

(D) a condition or restriction imposed by the board; or

(E) other applicable law;

(3) knowingly allowed an employee or agent to violate AS 17.38, this chapter, or a condition or restriction imposed by the board;

(4) failed to comply with any applicable public health, fire, safety, or tax statute, ordinance, regulation, or other law in the state; or

(5) used the licensed premises for an illegal purpose including gambling, possession or use of narcotics other than marijuana, prostitution, or sex trafficking.

(c) A local government may notify the director if it obtains evidence that a marijuana establishment has violated a provision of AS 17.38, this chapter, or a condition or restriction the board has imposed

on the marijuana establishment. Unless the board finds that the local government's notice is arbitrary, capricious, and unreasonable, the director shall prepare the notice and supporting evidence as an accusation against the marijuana establishment under AS 44.62.360, and conduct proceedings to resolve the matter as described under 3 AAC 306.820.

3 AAC 306.815. Suspension or revocation based on act of employee

If, in a proceeding to suspend or revoke a marijuana establishment license under 3 AAC 306.810 and 3 AAC 306.820, evidence shows that an employee or agent of a licensed marijuana establishment was responsible for an act that would justify suspension or revocation of the marijuana establishment's license if committed by a licensee, the board may find that licensee knowingly allowed the act if

- (1) the licensee
 - (A) was physically present when the violation occurred;
 - (B) knew or should have known the violation was occurring;

and

- (C) did not take action to stop the violation;

- (2) the licensee failed to adequately supervise the agent or employee;

- (3) the licensee failed to adequately train the agent or employee in the requirements of AS 17.38 and this chapter relating to marijuana; or

- (4) the licensee was reckless or careless in hiring the agent or employee.

3 AAC 306.820. Procedure for action on license suspension or revocation

A proceeding to suspend or revoke a license must be initiated by service of an accusation on the marijuana establishment in compliance with AS 44.62.360 and 44.62.380, and conducted in compliance with AS 44.62.330 - 44.62.630. The accusation must be served at the address of the licensed premises, or at the address of the licensee who is

responsible for management and compliance with laws as listed in the marijuana establishment license application in compliance with 3 AAC 306.020(b)(5). The marijuana establishment is entitled to a hearing as provided under AS 44.62.390.

3 AAC 306.825. Summary suspension to protect public health, safety, or welfare.

(a) If the director finds that a person holding a marijuana establishment license has acted and appears to be continuing to act in a way that constitutes an immediate threat to the public health, safety or welfare, the director may issue an order immediately suspending the license of that person, and ordering an immediate stop to the activity that constitutes the threat to the public health, safety, or welfare.

(b) When the director issues a summary suspension under this section, the director shall immediately give the marijuana establishment subject to the summary suspension order notice of the reasons for the summary suspension, and of the time and place for an expedited hearing before the board. Unless the marijuana establishment subject to the summary suspension order requests a delay, the hearing will be held not later than five days after the director gives notice of the reasons for the summary suspension and the scheduled hearing.

3 AAC 306.830. Seizure of marijuana or marijuana product

(a) The director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity, may seize marijuana or any marijuana product from a licensed or previously licensed marijuana establishment if the marijuana establishment has

(1) any marijuana or marijuana product not properly logged into the marijuana establishment's marijuana inventory tracking system;

(2) any adulterated marijuana food or drink product prohibited under 3 AAC 306.510(a)(4);

(3) any marijuana or marijuana product that is not properly packaged and labeled as provided in

(A) 3 AAC 306.470 and 3 AAC 306.475; or

(B) 3 AAC 306.565 and 3 AAC 306.570; or

(4) not renewed its license as required under 3 AAC 306.035.

(b) If the director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity seizes marijuana or a marijuana product under this section, the director shall update the marijuana inventory control tracking system to reflect the seizure and ensure that the seized items are stored in a reasonable manner. The director shall immediately give the marijuana establishment from which the marijuana or marijuana product was seized notice of the reasons for the seizure and the time and place of a hearing before the board. Unless the marijuana establishment from which the marijuana or marijuana product was seized requests a delay, the hearing will be held not later than 10 days after the director gives notice of the reasons for seizure and the scheduled hearing. If the seizure occurs in connection with a summary suspension under 3 AAC 306.825, the hearing will be combined with a hearing on the summary suspension.

(c) If the marijuana establishment from which the marijuana or marijuana product was seized does not request or participate in a hearing under this section, or if after a hearing the board finds that seizure of the marijuana or marijuana product was justified, the marijuana or marijuana product will be destroyed by burning, crushing, or mixing with other material to make the marijuana or marijuana product unusable as provided in 3 AAC 306.740.

(d) If a seizure under this section is of marijuana plants in place in a licensed standard or limited marijuana cultivation facility, the seizure order may direct the marijuana cultivation facility to continue care of the plants until the hearing, but prohibit any transfer, sale, or other commercial activity related to the plants.

3 AAC 306.835. Hearing

(a) Except as provided in 3 AAC 306.825 or 3 AAC 306.830, a person aggrieved by an action of the director, an enforcement agent, or an employee of the board may request a hearing in compliance with AS 44.62.390 by filing a notice of defense not later than 15 days after receiving a written accusation. Failure to file a notice of defense as provided in this section constitutes a waiver of the right to a hearing.

(b) When an aggrieved person requests a hearing under this section, the board may request the office of administrative hearings to conduct the hearing in compliance with due process, AS 44.62.330 - 44.62.630 (Administrative Procedure Act), and 2 AAC 64.100 - 2 AAC 64.990, as applicable.

3 AAC 306.840. Civil fines

(a) The board may, in addition to any other penalties imposed under this chapter, impose a civil fine on a marijuana establishment, licensee, or person that the board determines has violated a provision of AS 17.38 or this chapter.

(b) In a proceeding under 3 AAC 306.810 - 3 AAC 306.830, the board may impose a civil fine, not to exceed the greater of

(1) an amount that is three times the monetary gain realized by the marijuana establishment, licensee, or person as a result of the violation, as determined by the board;

(2) \$10,000 for the first violation;

(3) \$30,000 for the second violation; or

(4) \$50,000 for the third or subsequent violation.

3 AAC 306.845. Appeal

(a) An aggrieved party may appeal to the board regarding any action of the director, an enforcement agent, or an employee of the board charged with enforcing AS 17.38 or this chapter, including

suspending or revoking a license, seizing marijuana or a marijuana product, or imposing a civil fine.

(b) A person aggrieved by a final decision of the board suspending or revoking a license under this chapter or imposing a civil fine may appeal to the superior court under AS 44.62.560.

3 AAC 306.850. Surrender or destruction of license

A license issued under this chapter must be surrendered to the director, an enforcement agent, or an employee of the board on demand if the director or board so orders. A license issued under this chapter must be surrendered not later than 10 days after the marijuana establishment loses or vacates the licensed premises. If a license is destroyed, the marijuana establishment shall promptly notify the board.
