ADVISORY EXPIRED ALASKA DRIVERS LICENSES- UPDATE

Date: January 15, 2021

To: All alcohol and marijuana licensees

Reference: ADVISORY: Updated Acceptance of Expired 2020/2021 Alaska Operating Licenses during the Health Emergency Mandates

As the Health Mandates from the Governor's office were extended, the Alcohol and Marijuana Control Office again reviewed the statutes suspended for the Department of Motor Vehicles (DMV) under AS 28.15.101(a) Driver license expiration. We are interpreting this suspension of the Alaska Operating Licenses (OL) statute as meaning alcohol and marijuana establishments may use State of Alaska OL's which have expired during 2020/2021 to identify Alaskans and determine if they meet the requirements for alcohol and marijuana services. This shall be a valid form of verification until the Governor's suspension of AS 28.15.101(a) is rescinded and will remain so until the expiration of the disaster declaration.

Sincerely,
