ORDER NO. R-92-13

SURPLUS LINES PLACEMENT LISTS

On October 15, 1992, a hearing was held pursuant to AS 21.06.180-230 to receive testimony regarding insurance coverage which insureds are generally unable to secure from admitted insurers for consideration by the director for inclusion on the surplus lines placement list. Other written and oral testimony was also received in accord with the hearing notice.

Producers and surplus lines brokers are reminded that coverage may not be placed with nonadmitted insurers for insurance coverage on the surplus lines placement list if coverage is available with an admitted insurer. If such coverage is unavailable, coverage may only be placed with surplus lines insurers on the current list of eligible surplus lines insurers. Availability is not a hypothetical situation, but rather one specific to the characteristics of the specific risk.

This order replaces Order 91-8, issued November 12, 1991.

Under 3 AAC 25.040, the following is the November 1, 1992 surplus lines placement list:
