**ADDENDUM TO ORDER NO. R 03-06**

**SURPLUS LINES PLACEMENT LIST**

On May 30, 2003, the director of the Division of Insurance issued Order R 03-06, which included the new surplus lines placement list that is to be used until a replacement order is issued. That list was effective on the date the order was issued and replaced the list that was included in Order R 02-07, issued November 13, 2002. Two types of coverage were inadvertently removed from the previous list when, in fact, they should have been carried over to the new list.

This addendum is to correct that removal.

IT IS ORDERED that the surplus lines placement list included with Order R 03-06 shall also include the following:

<u>Class of Business or Type of Risk</u>	<u>Line of Coverage</u>
<b>Apartment buildings - pre-1980, or wood frame, or nonsprinklered Architects and engineers</b>	<b>All lines  Professional liability</b>

This addendum is effective May 30, 2003.

Dated this 26<sup>th</sup> day of June, 2003, at Anchorage, Alaska.

A handwritten signature in black ink that reads "Linda S. Hall".

Linda S. Hall  
Director
