Director, Division of Insurance
Department of Commerce, Community and Economic Development
550 West 7<sup>th</sup> Avenue, Suite 1560
Anchorage, AK 99501-3567

Pursuant to Alaska Statute (AS) 21.06.130, the Alaska Division of Insurance performed a limited and targeted premium tax audit of Marsh & McLennan Agency LLC (the broker) on May 2, 2011 through May 6, 2011, in the broker's Anchorage, AK office. The audit was conducted by Rebecca Nesheim, tax auditor for the Alaska Division of Insurance.

### Marsh & McLennan Agency LLC

### **SCOPE OF AUDIT**

This premium tax audit was called to review compliance with the surplus lines statutes AS 21.34, and regulations 3 AAC 25 and the premium tax regulations 3 AAC 21.550 - 570. This is the first premium tax audit of Marsh & McLennan Agency LLC conducted by the Alaska Division of Insurance.

### **Subject Matters Audited**

Marsh & McLennan Agency LLC is an Alaska licensed surplus lines broker based in Anchorage, AK. The license became active 10/15/2009 with no business written until January 1, 2010. The Division elected to audit their monthly filings, premium taxes paid, and filing fees paid, for accuracy and timeliness as well as required due diligence and disclosures to the insured.

### Time Frame

The audit covered this broker's surplus lines business for the year January 1, 2010 through December 31, 2010.

P.O. Box 110805, Juneau, Alaska 99811-0805
Telephone: (907) 465-2515 Fax: (907) 465-3422 Text Telephone: (907) 465-5437
Email: insurance@alaska.gov Website: http://www.commerce.state.ak.us/insurance/

### **METHODOLOGY**

The tax auditor sent the call letter and initial data requests to Marsh & McLennan Agency LLC's office in Anchorage, AK. A list of all Alaska business transactions with nonadmitted insurers was requested for the period to be audited. Marsh & McLennan Agency LLC complied on a timely basis with all data requests. The number of policies and endorsements written during the audit period was 127, from which a sample of 50 files was selected for audit.

### The following are the procedures steps for the audit:

1) Verify that monthly premium reports and accompanying forms were filed on time.

i) Audit steps taken:

- (1) Reviewed the monthly files sent to the Alaska Division of Insurance and verified the reports were filed by the due date.
- 2) Verify the accuracy of the premium calculation

i) Audit steps taken:

(1) Reviewed policy, declaration page, and invoices to determine how taxable premium was calculated.

(2) Verified the correct premium was reported on the reports as filed.

3) Verify the accuracy of all monthly reports filed.

i) Audit steps taken:

- (1) Reviewed the policy, declaration, and endorsement pages in each file.
- (2) If the effective date did not match the monthly filing, reviewed the correspondence to ensure the documentation in the file matched when the policy was booked. Most of these occurred with endorsements that often require additional information and sometimes company approval before it can be added to the policy. The effective date may be a month or more prior to the actual book date or invoice date. In this case, the invoice date determined in which month the endorsement is required to be filed.

(3) Verified the monthly reports as filed with the division were accurately filled out to reflect the correct effective date, premiums, taxes and fees based upon the

information in the files.

(4) Verified a statement of exempt premiums was filed when appropriate.

(5) Verified the policy was included in the monthly filing based upon the effective date of the policy.

4) If the placement is a multi-state placement, check the calculation and reasonableness of the methodology to allocate.

i) Audit steps taken:

- (1) Verified the allocation of premium for each state is reasonable and the calculation is accurate.
- (2) Verified the multi-state allocation form was filed when appropriate

5) Verify quarterly and annual premium tax reports were filed on time.

i) Audit steps taken:

- (1) Confirmed when the quarterly and annual premium tax reports were sent to the Alaska Division of Insurance.
- 6) Verify the accuracy of the quarterly and annual premium tax reports
  - i) Audit steps taken:

	(1) Verified the quarterly and annual premium tax reports as filed with the division were accurately filled out to reflect the correct premiums, taxes and fees.
	if tax and filing fee payments were made on time and by ACH
i)	Audit steps taken:
	(1) Confirmed when the payments were received to the Alaska Division of Insurance
0) 77 '0	and the payment method
	tax and filing fees payments were made accurately
1)	Audit steps taken: (1) Confirmed if the tax and fee payments matched the tax reports as filed.
O) Davier	v effort made to place insured with an admitted insurer
	Audit steps taken:
1)	(1) Verified the diligent search was documented prior to binding and the declination
	completed. If no declinations due to risk on the placement list, the list effective
	the time of placement was reviewed to ensure the risk was on the list
10) Reviev	v disclosures for use of non-admitted insurer
,	Audit steps taken:
-/	(1) Reviewed the evidence of insurance to ensure the broker's Name and stamp
	required by statute AS 21.34.100(e) is present and legible.
11) Review	v notifications for use of non-admitted insurer
i)	Audit steps taken:
	(1) Reviewed the correspondence and other documentation in the files to find a cop
	of the notification sent to the insured that meets the requirement in AS 21.34.11
	m coverage is placed with an eligible non-admitted insurer
1)	Audit steps taken:
	(1) Reviewed the white lists to ensure the company was eligible at the time of
12) D	placement v notice regarding nonrenewal and premium increase
•	Audit steps taken:
1)	(1) Verified in each file there was a policyholder notice regarding nonrenewal and
	premium increase included with the policy or other evidence of insurance.
Acceptab	le Error Rate:
The Broke	r's acceptable error rate for the above referenced standards and tests must be less that
10%. Dur	ing the audit, two policies did not include any Alaska risk and were taken out of the
error rate	calculation for procedure steps nine through 13.
	PREMIUM TAX AUDIT
1. Verify	that monthly premium reports and accompanying forms were filed on time
	AS 21.34.080 and .170, 3 AAC 25.090 and .1
	: All 12 original monthly premium reports and accompanying forms were filed on
Comments time.	
time.	assed (error rate 0%)

2. V	erify the accuracy of the premium calculation  AS 21.34.1
for the due to for the prem	nents: The premium was calculated incorrectly for four policies in the audit files. Premiuree policies included company fees that were not part of the calculation of the tax and fees the Division. Amended monthly reports and annual tax report will be required to adjust a missing fees. Additional tax and fees will be due on the company fees. One policy's um amount on the declaration page did not match the premium reported to the Division because was exempt so there is no affect to taxes and fees.
1 2	errors affect three additional audit tests: Accuracy of the Monthly Reports Accuracy of Tax Reports Accuracy of Tax and Fee Payments
Resu	ts: Passed (46 files passed & 4 failed, error rate 8%)
compread and v	nmendations: It is recommended the broker create written procedures to ensure all any fees are included in the calculation of premium tax and filing fees. The broker should bulletin 04-14 to reinforce their understanding of what fees are to be included in premium that are not. A second individual reviewing documents before submission could reduce the of errors received by the Division.
colle in thi awar team	th & McLennan Agency Response 12/7/2011: Surplus Lines Training was presented to the agues in August 2011 which addressed this concern and several additional items identified a audit. Local office management has implemented steps to continue Surplus Lines eness within each team. This specific situation has been addressed during numerous client meetings to ensure there is no misunderstanding of how tax calculations should be done. Action of the taxes for the three policies will be completed by year end 2011.
<i>Alasi</i> 2011	a Division of Insurance: The premiums for the three policies were corrected December 16
<b>3.</b> \	erify the accuracy of all monthly reports filed  AS 21.34.080 and .170, 3 AAC 25.090 and .1
were	nents: Eleven late monthly reports were filed before the audit after the original reports filed on time. These 11 reports included at least one new transaction that had not ously been filed. Every late transaction was assessed a penalty which was paid prior to the
of th	e 50 audit policy files, 16 transactions were not filed in the original monthly report. Three 16 were endorsements that were not filed at all but as the insured is exempt there is no ional tax and fees on those endorsements. One policy showed the wrong insurance cany on the forms submitted to the Division. The broker needs to amend prior monthly

reports	and annual tax report to include the endorsements not previously reported and to fix the
-	ny name.
	ceuracy errors: 17 within 14 distinct files
As the	broker was not required to file or pay quarterly for 2010, there is no effect to the accura
	ax reports or payments as all the late monthly reports were filed prior to the due date for
the ann	ual tax report and payments.
Results	: Failed (36 files passed & 14 failed, error rate 28%)
~	1 1/1 / 41 - Landau and the manager of the principal state of the stat
Recom	mendations: It is recommended that the broker revise written procedures for when initial
or rene	wal policies as well as endorsements are to be reported to the Alaska Division of ce. Statute and regulation dates should be included in these procedures. A second
ınsurar	ual reviewing documents before submission could reduce the number of errors received
maivia	Division. The broker should consider utilizing email capabilities for transferring
ny ine l	ork between offices including the Division as that will reduce the filing time.
paperw	ork between offices meruding the Division as that will reduce the firing time.
Marsh	& McLennan Agency Response 12/7/2011: Completion of the accurate transaction form
has bee	n addressed with the client teams. These forms are provided to the Surplus Lines
Coordi	nator to complete the monthly reports. The information on the monthly reports will not
accurat	e if the client team does not supply accurate transaction forms to the Coordinator.
The ag	ency immediately implemented email capabilities to transfer the monthly reports to the
State.	These corrected monthly reports will be submitted by year end 2011.

The bors found during the audit in the premium calculation and multi-state premium affects the uracy of the annual tax report. These flow-through findings are addressed in their respectivities.  **rults: Passed (error rate 0%)*  Verify if tax and filing fee payments were made on time and by ACH

Comments: All tax and fee payments made by the broker were accurate based upon the tax
reports as filed. The errors found during the audit in the premium calculation and multi-state premium affects the accuracy of the tax and fee payments. These flow-through findings are addressed in their respective audit tests.
Due to the company fees not included in premium, the broker owes additional tax and fees of \$17.55 and \$6.50 respectively. The two deleted policies for no Alaska risk results in a refund of tax and fees to the broker of (\$549.45) and (\$203.50). The net result is a refund to the broker for tax and fees of (\$531.90) and (\$197.00).
Results: Passed (error rate 0%)
Marsh & McLennan Agency Response 12/7/2011: As addressed in item #2, the three policies that were not calculated accurately due to the policy fee not being included in the calculation, will be corrected by year-end 2011 and amended monthly reports will be submitted to the state.
9. Review effort made to place insured with an admitted insurer
AS 21.34.020, 3 AAC 25.030 and .035
<ul> <li>Comments: The broker has elected to use the Affidavit of Due Diligence for documenting the diligent search. Twelve files have problems with that documentation:</li> <li>No documentation in file - 7</li> <li>Affidavits provided were created during audit so effectively no documentation in file - 5</li> <li>Affidavit showed placement list but risk was not on placement list at the time the policy was bound; declinations not done - 2</li> <li>Total errors: 14 within 12 distinct files</li> </ul>
Nineteen additional files show the coverage was on the placement list but the Affidavit of Due Diligence was created and signed after the bound date. Since the broker is also the producer and would know the coverage was on the placement list, the Division will allow this practice in this audit even though the Affidavit was signed after the bound date. In addition, the description of risk as listed on the placement list must be accurate as a description of the insured is not adequate. The form should be signed when this form of documentation is used.
Results: Failed (36 files passed & 12 failed, error rate 25%)
Recommendations: It is recommended that the broker create written procedures to ensure all Affidavits of Due Diligence are received or created prior to binding including those with risks located on the placement list as required by Alaska law. If another form of documentation is maintained, there must be clear indications that the declinations were done before binding or an accurate description of how the risk is qualified on the placement list.

Marsh & McLennan Agency Response 12/7/2011: The due diligence requirements for the State of Alaska have been addressed in Surplus Lines Training. This continues to be reinforced during office meetings and client team meetings on a regular basis.

10. Review disclosures on evidence of insurance for use of non-admitted insurer

AS 21.34.100(e)

Comments: Twenty-eight files demonstrated a problem with the required disclosure stamp on the evidence of insurance. Many stamps are really faded and several words can barely be made out. Since the insured's copy is unavailable, auditor relied upon the broker copy. Here are the different problems found in the files:

- No stamp on binder 6
- No stamp on endorsement − 1
- Stamp illegible on dec 5
- Stamp illegible on binder 8
- Broker name not on dec 12
- Broker name not on binder − 11
- Stamp-on-dec-but-clearly-done-while preparing for audit and not while organizing the documents for insured 1

Total disclosure errors: 44 within 28 distinct files

Nine additional files had the name of Marsh USA or another Marsh office instead of the broker's name on the evidence of insurance. Since the broker is a subsidiary of Marsh USA, the Division will allow this practice in this audit even though the name is not truly reflecting the accurate broker. The stamp includes extraneous wording which makes it larger than many locations available on the documents.

Results: Failed (20 files passed & 28 failed, error rate 58%)

Recommendations: It is recommended that the broker ensure written procedures are followed that all evidence of insurance have the required disclosure stamp wording and is legible. The stamp should be located on the first page of the declaration so the insured will not miss it. It is further recommended to revise the written procedures to include the stamp requirement on all premium bearing and non-premium bearing endorsements as they are also evidence of insurance. One last recommendation is to ensure the broker's name, and not just the abbreviation MMA, is included on all evidence of insurance.

Marsh & McLennan Agency Response 12/7/2011: This was corrected immediately upon completion of the audit. New stamps with updated wording have been distributed to the colleagues. Through office meetings and client team meetings, the stamping language requirements have been reinforced with the colleagues. Colleagues have been reminded to include the stamping language on all premium bearing and non-premium bearing endorsements in addition to policies and binders.

In January 2010, the Anchorage office changed to Marsh & McLennan Agency. As many of the policies are renewed with the same insuring carriers, the agency name often remained the same

11. Review notification for use of non-admitted insurer	
	AS 21.34.110
<ul> <li>Comments: The broker generally includes the notification that the insurance a company that is not regulated by the Alaska Division of Insurance in their pletter prior to invoicing. However, there were six files with problems regarding to the insured:</li> <li>No Alaska notification in proposal or binding letter or no document at Notification after binding - 2</li> </ul>	oroposal and binding ng the notification
Eight files included a description in the proposal of admitted vs nonadmitted. information about the non-admitted company implies but does not clearly stated of Insurance does not authorize the company and it is not regulated by the Di had the information on the binder letter that was dated around the same time.	te that the Division vision. Seven files
Results: Failed (42 files passed & 6 failed, error rate 13%)	
Recommendations: It is recommended that the broker revise their written proposal to the insured describing the surcompany as required by statute. The information should include the three ponotification: the company does not have a certificate of authority, they are no Alaska Division of Insurance and in the event of insolvency losses will not be Alaska Insurance Guaranty Association Act. The insured should not have to implied in the current proposal.	plus lines insurance ints of the tregulated by the ecovered by the
Marsh & McLennan Agency Response 12/7/2011: This was corrected immed completion of the audit. The insurance proposal has been corrected to include notification language. The notification language does include the three requi company does not have a certificate of authority, they are not regulated by the of Insurance and in the event of insolvency losses will not be covered by the Guaranty Association Act.	e the correct Alaska red points: the e Alaska Division
12. Confirm coverage is placed with an eligible non-admitted insurer	

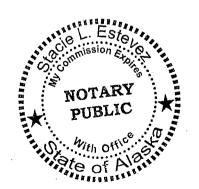

13	Review notice regarding nonrenewal and premium increase  3 AAC 25.050
no	imments: Seven files did not have evidence of the required Alaska Policyholder Notice of nrenewal and premium increase being sent to the insured. Thirteen files included the notice tit was an older version than required.
Re	sults: Failed (41 files passed & 7 failed, error rate 15%)
ste ins	commendations: It is recommended that the broker revise their written procedures to include a up in the processing of evidence of insurance to ensure the notice is included from the surance company. If the notice is outdated or missing, the broker should contact the insurance mpany to replace the notice. A step on a checklist is one way to ensure this document is viewed.
ino	carsh & McLennan Agency Response 12/7/2011: The policy checklist has been revised to clude a review of the Alaska Policyholder Notice confirming that it is in fact attached to the licy and it is the most current version.
Fi	<ol> <li>In one file, all the communication with the insured listed a company the policy was not written with although the policy itself was accurate.</li> <li>Two files showed an inaccurate policy number was entered in the computer system.</li> </ol>
	SUMMARY AND SUBSEQUENT EVENTS
St	<u>immary</u>
sta pa	his was a premium tax audit of Marsh & McLennan Agency LLC. The auditor tested 13 and ards focusing on the broker's filing of monthly and annual tax reports and the subsequent yment of premium taxes and filing fees as well as due diligence and notification requirements r using a non-admitted insurer.
th	ne compliance officer and staff were cooperative during the audit. The tax auditor appreciated is attitude and enjoyed working with Marsh & McLennan Agency LLC's management and aff.
Se co	everal significant issues did arise during the audit that affect the service to the insured and impliance with Alaska statutes and regulations.
1)	The monthly reports are consistently not accurate when filed. Numerous transactions are filed late, subjecting the broker to penalties.
2)	Multi-state risks were reported as 100% Alaska risk resulting in more tax and fees collected in Alaska and none for other states as should have been allocated.

3) The diligent search in the admit	tted market was not documented in many of the files or
were created after binding.	
	were illegible or missing from the evidence of insurance
5) The required notification to the found in some files	insured regarding the use of a nonadmitted insurer wa
6) The Alaska Policyholder Notice	e was missing from several files.
Re-Audit  In closing, the auditor's recommended actions should help the broker correct the problems encountered. It is recommended that Marsh & McLennan Agency LLC be re-audited with next three years to ascertain compliance.
