1. News: NCEES Examination scores post-2010 are online

NCEES has made it possible for member boards to use their E3 portal to view the scores, dates, and details of an applicant's examinations taken during or after calendar year 2010 in any jurisdiction. Benefits of this include:

- **PE/PLS Exam applicants who took their FE/FS in 2010 or later:**
 - do not need to wait on the member board of a different jurisdiction to verify their FE/FS exam scores to AK
 - do not need to pay a verification fee to member boards of a different jurisdiction
- **With the 7 states* that are not using the NCEES online verification system**, we no longer need to use the paper format for FE/FS examination verifications post-2010, saving a lot of time

*These states are: NJ, NY, PA, SC, SD, VT and WI

Note: this process does not work for comity applicants, whose exams were mostly taken prior to 2010 and whose verification of licensure we also need from their original jurisdiction. Licensure is not viewable through NCEES E3.

2. L.A.R.E. and A.R.E. candidate count and updates

There are **6** L.A.R.E. applicants currently testing. Most recent applicant *Stephanie Brown* was approved for early testing by the Board at the August 2014 AELS Board Meeting.
