**ALASKA BOARD OF REGISTRATION FOR ARCHITECTS,
ENGINEERS AND LAND SURVEYORS**

12 AAC 36.066. VERIFICATION OF LAND SURVEYOR WORK EXPERIENCE. (a) In support of an application for examination or registration as a land surveyor, an applicant shall arrange for verification of the work experience required in 12 AAC 36.064 and 12 AAC 36.065 to be submitted to the board. Verification of work experience must be on a form prescribed by the board and must be completed and submitted directly to the board by the employer who is verifying the applicant's experience.

(b) Department staff shall open a file for retention of completed work verification forms for an individual who has not yet submitted an application for examination or registration as a land surveyor if the individual

(1) submits a written request to open a work verification file; and

(2) attaches the file opening fee established in 12 AAC 02.110.

(c) Department staff shall maintain a work verification file for five years from the date that an individual completes the requirements of (b) of this section. Before end of that five years, an individual may request that the department maintain a work verification file for an additional five years by again completing the requirements of (b) of this section.

(d) A work verification form received for an individual will be reviewed by the board or the department only after that individual submits an application for registration as a land surveyor.

APPLICANT

NOTE: No more than 12 months education or experience may be counted in any 12-month period. If you went to school full-time for a school year, you may count that time as a full year for education, but no summer experience may be counted toward "work experience."

It is recommended that surveying employees have this sheet completed approximately every year, thus limiting the research time required to verify experience. Employees may request that a copy of the completed form be placed in their employer's personnel file in case a backup copy is needed in the future. **Original work verifications should be submitted directly to the Alaska Board of Registration for Architects, Engineers and Land Surveyors (AELS) by the Supervisor or Professional Licensee certifying the work experience.**

DEFINITIONS

Please refer to the statutes and regulations referenced.

AS 08.48.341(10) "**practice of land surveying**" means the teaching of land surveying courses at an institution of higher learning, or any service or work the adequate performance of which involves the application of special knowledge of the principles of mathematics, the related physical and applied related sciences, and the relevant requirements of law for adequate evidence of the act of measuring and locating land, geodetic and cadastral surveys for the location and monumentation of property boundaries, for the platting and planning of land and subdivisions of land, including the topography, alignment and grades for streets, and for the preparation and perpetuation of maps, record plats, field note records and property descriptions that represent these surveys;

12 AAC 36.065(b) "**Responsible charge**" of professional land surveying (P.L.S.) means work as a supervisor under the responsible control of a land surveyor registered in the United States, and working in the "practice of land surveying" as described in AS 08.48.341(11). The remainder of the required work experience listed in (a) of this section must be derived from office or fieldwork involving the activities listed in AS 08.48.341(11). Partial completion of a curriculum leading to a degree in land surveying will be considered by the board in determining applicable work experience. The board will determine the amount of credit given for responsible charge experience gained under the responsible control of a professional in engineering based on applicability to professional land surveying.

Verification of Work Experience — Land Surveyor by Comity or Exam

→ **Applicant:** Complete Page 1 and Page 2 and then forward all four pages of this form to your employer or supervisor where you obtained your work experience. Make copies as needed.

Full Name:		Applying by:	<input type="checkbox"/> Comity <input type="checkbox"/> Exam
-------------------	--	---------------------	--

Work experience forms and letters of reference must bear the signed and dated PLS stamp (seal) of the verifier.

The work experience forms and letters must be faxed or mailed directly from the signer to the Juneau office.

COMITY APPLICANTS ONLY: If you have at least five years of post-registration experience, in lieu of work experience verifications, you may provide two current letters of reference from registered land surveyors to verify that experience. The letters should address:

- your professional experience on projects;
- your ability and character;
- their professional association to you;
- how long they have been an associate of yours (minimum of 5 years);

WORK EXPERIENCE CALCULATION TABLE:

("End Date" cannot be projected beyond today's date.)

Start Date: _____ + End Date: _____ = Months: _____

Employment gaps of two or more months: _____ - "Months" = Total Months: _____

DEFINITIONS:

Sub-professional work means time spent working as rodman, chainman, recorder, draftsman, clerk of works, instrumentation, inspector, or similar work where personal responsibility and technical knowledge are slight.

Professional work means the time the applicant has been occupied in architecture, engineering, land surveying, or landscape architecture work of higher grade and responsibility than that of sub-professional work.

Responsible Charge may be gained either in the field or in the office. Responsible charge means:

- In the field, the applicant must have had the direction of work, the successful accomplishment of which rested upon the applicant, where the applicant had to decide questions of methods of execution and suitability of materials without relying upon advice or instructions from his/her superiors and where the applicant had to supply solutions to deficiencies in plans or had to correct errors in design without first referring them to higher authority for approval, except where the approval is a matter of form.
- In the office, the applicant must have had to undertake investigations or carry out assignments which demand resourcefulness and originality, or make plans, write specifications, and direct drafting and computations for the design of architectural, engineering, or land surveying work with only rough sketches, general information and field measurements for reference.

AS 08.48.341(13): "Practice of land surveying" means the teaching of land surveying courses at an institution of higher learning, or any service or work the adequate performance of which involves the application of special knowledge of the principles of mathematics, the related physical and applied sciences, and the relevant requirements of law for adequate evidence of the act of measuring and locating land, geodetic and cadastral surveys for the location and monumentation of property boundaries, for the platting and planning of land and subdivisions of land, including the topography, alignment, and grades for streets, and for the preparation and perpetuation of maps, record plats, field note records and property descriptions that represent these surveys;

No more than 12 months education or experience may be counted in any 12-month period. If you went to school full-time for a school year, you may count that time as a full year for education, but no summer experience may be counted toward "work experience" (12 AAC 36.064 (b) and 12 AAC 36.065(f)).
