COLLECTION AGENCY/BRANCH VERIFICATION OF OPERATOR EMPLOYMENT

AS 08.24.100(a) states in part, "a licensee may not engage in the collection agency business unless and until the collection agency, and each branch office of the agency is under the management and control of a licensed operator for each office. The department may waive this requirement for a period not to exceed 90 days upon the death or disability of an operator, or for other good cause."

Instructions: Confirm the name(s) of the operator(s) of record assigned to your agency or branch collection license. If the operator has terminated employment (or been transferred), please note the former operator's name, date of termination (or transfer), and whether or not you have already submitted another operator application and request for waiver under AS 08.24.100(a). Notice of the operator's termination or transfer is required within 15 days after that change. AS 08.24.350. Application for a license for a new operator, must be submitted as soon thereafter as possible. (If operator's employment has terminated and you have not received a waiver from the department, your agency or branch license is out of compliance with the Alaska Statutes and, therefore, not authorized to practice until a licensed operator is assigned to your firm. The 90-day period begins from the former operator's date of termination or transfer.)
