APPLICATION FOR A LICENSE TO PRACTICE MOBILE INTENSIVE CARE PARAMEDIC

This packet contains all the documents you will need to apply for a permanent license to practice as a mobile intensive care paramedic in Alaska.

Please read all instructions and information carefully and complete all documents as requested. Please note the following:

- **Average processing time for a temporary permit is from four to six weeks.**
Start the process far enough in advance to allow this process to occur. Applications are reviewed in order of receipt in our office. If there are items in the application about which the board requires additional information, or if there is any adverse or derogatory information that comes to light, the review process may take longer.
- Appropriate fees must accompany applications before initial screening can begin.
- An incomplete application or any unusual circumstances noted in the application may require additional processing time.
- While we understand your desire to conclude this process as quickly as possible, our licensing staff is responsible for reviewing many files and cannot complete the application process if required documents are missing. It is your responsibility to insure those documents are received by our office.
- The application review process is defined by the requirements set forth in state law. The board and its staff must comply with those laws in processing applications.
- The Alaska State Medical Board conducts a thorough evaluation of education, training, employment or work history, malpractice history, and any criminal or disciplinary history. We recommend you do not make commitments for loans, practice start dates, home purchases, etc., based on the expectation of licensure. The board will not accelerate one application over others nor will it forego any elements of its screening process.

PLEASE DO NOT MOVE TO ALASKA WITHOUT A LICENSE OR PERMIT IN HAND.

Please contact our offices or visit our website for forms or additional information.

GENERAL INFORMATION

ADDRESS OF RECORD

The application asks for your preferred address of record. This is the address to which you would like us to send all communications to you including your permit or license. Please do not use third party addresses, telephone numbers, or email addresses as this creates difficulties when we are trying to reach you.

APPLICATION STATUS UPDATES

Our licensing examiner will send you a written status update upon the initial screening of the application and every 30 days thereafter.

CERTIFIED TRUE COPIES

To obtain a certified true copy, take the original document to a notary public so he/she may compare the original to the photocopy of the document. **The notary must write "I certify this to be a true copy of the original document." on the photocopy and attest to the fact by signing and notarizing the document.**

COMPLETION OF THE APPLICATION FORMS

Help us do a good job processing your application: type or print legibly all application documents. Please read the instructions and give careful thought before answering the questions in the application - remember - you are certifying that the information is truthful and correct. Make sure all notary seals are properly affixed on the application and all documentation has been properly certified as required. Provide all documents requested in the application; incomplete applications will delay processing.

Each question in the application must be answered. Attach separate sheets of paper, labeled with your name and signed by you, for any question for which you have provided a YES response.

Failure to answer all questions completely and accurately, or the omission or falsification of information may be cause for denial of your application or disciplinary action if you are subsequently permitted by the board. WHEN IN DOUBT, DISCLOSE ALL INFORMATION OR CALL OUR OFFICE.

CONFIDENTIALITY

The contents of licensing files are generally considered public records. If you believe that the additional information you are attaching to explain a "yes" answer should be considered confidential, state that in the attachment. A request for confidentiality may or may not be granted.

CONTINUING MEDICAL EDUCATION REQUIREMENT

Alaska law requires an average of 60 hours of continuing medical education hours for each year of the licensing period (two-year licensing cycle). At the time of renewal, the licensee must attest to compliance with the CME requirements. After renewal is completed, the division will perform a computer-generated random audit of licensees who will be required to provide proof of CME courses. Please see regulations 12 AAC 40.350.

DENIAL OF LICENSE

The denial of an application for licensure may be reported to any person, professional licensing board, federal, state, or local government agency, or other entity making a relevant inquiry or as may be required by law.

EXAMINATION INFORMATION

Examinations for certification for the Mobile Intensive Care Paramedic are coordinated by:
Southern Region Emergency Medical Services Council, Inc.
6130 Tuttle Place
Anchorage AK 99507
907/562-6449

FAX DOCUMENTS

Fax copies of documents are **NOT** accepted for documentation or verification in our licensing process.

FEES

Fees for a permanent paramedic application are:

	\$100 Nonrefundable Application Fee
	\$ 75 License Fee
	\$ 75 Temporary or Provisional Permit Fee

All applications must be accompanied by the appropriate fee. Personal checks, cashier's checks, or money orders must be made payable to the State of Alaska. Incorrect fees will delay processing of your application.

LICENSING PROCESS

Submit your complete application to the board with fees and pertinent documents. The licensing examiner assembles the documents for your file and advises the applicant of the application status.

Upon the completion of the application file when all documents have been received from other organizations, the file is forwarded to the board's administrator who reviews the entire file. At the discretion of the administrator, a temporary permit may be issued (see information under Temporary Permit on page 5).

The complete application file is presented to the board at its next meeting. The board meets four times each year. Following the board's review and approval, the licensing examiner will issue the permanent license.

Applications will be processed in the order in which they are received in the board's office. Please insure that you apply well in advance of your need for the permit or license. Board staff will not expedite one application before another.

LICENSE APPLICATION PROCESSING STAFF

If your last name begins with the letters A through K, you may contact your licensing examiner at 907/465-2756.

If your last name begins with the letters L through Z, you may contact your licensing examiner at 907/465-2541.

LICENSE RENEWAL

All medical board licenses in Alaska are on a two-year cycle, with all licenses expiring December 31 of even-numbered years. Notification for license renewal is mailed out to license holders of record at least 30 days prior to expiration, usually in late October. You are required by law to keep your current address on file with the division (12 AAC 02.900).

Failure to receive a renewal notice is not considered an excuse for nonrenewal. A physician not intending to practice medicine in Alaska may renew their license in an inactive status. If you practice in the state occasionally, you must renew your license in active status. An inactive status license prohibits you from practicing; however, if you wish to reactivate your inactive license, contact the licensing examiner for instructions.

It is illegal to practice medicine in Alaska with an inactive or lapsed license or permit.

PAYMENT OF CHILD SUPPORT AND STUDENT LOANS

If the Alaska Child Support Enforcement Division has determined that you are in arrears on child support, or if the Alaska Commission on Post-Secondary Education has determined you are in loan default, you may be issued a nonrenewable temporary license valid for 150 days. Contact Child Support Services at (907) 269-6900 or the Post-Secondary Education office at (907) 465-2962 or 1-800-441-2962 to resolve payment issues.

PERSONAL INTERVIEWS

Applicants for medical licensure in Alaska may be required to have a personal interview either with an individual board member or with the full board. Should an interview be required, you will be notified and an interview scheduled. An interview may be required if, during the processing of your application, a question arises for which the board determines it requires additional information from you.

PROCESSING TIME

In general, average processing time for a permanent license is four to six weeks. PLEASE PLAN ACCORDINGLY. Application processing time depends to a large extent on the response time from other organizations and individuals. Time required also depends upon our workload and the volume of applications being processed. Because the length of processing time for your application may vary considerably, we urge you to be patient until our processing is complete and the permit is issued.

If there are any "Yes" responses or if adverse information is received, it will typically take longer to gather and evaluate additional data. If the application is referred to the Investigations Unit for investigation of a particular issue, processing time is extended by the time required to complete an investigation. Since investigations must be prioritized, it may take longer to complete the file.

PROVISIONAL LICENSE

A provisional license will, in the board's discretion, be issued to an individual who has met all the requirements of 12 AAC 40.310 except for passing the National Registry/EMT examination. The applicant shall submit written verification from the National Registry of Emergency Medical Technicians that he or she is awaiting examination results or is scheduled to take the next examination.

A provisional license is valid until the first meeting of the board after the results of the exam have been issued or until the physician sponsor withdraws sponsorship, or until the board is notified that the applicant has failed the examination, which ever occurs first. A provisional license is not renewable.

SOCIAL SECURITY REQUIREMENT

Alaska Statute 08.01.060(b) requires an applicant for an occupational license to provide a United States social security number. Applicants who are foreign citizens and are unable to obtain a social security number must contact the division office for instructions. Social security numbers are required by federal law to be held confidential; we do not release these numbers to the public.

STALE DOCUMENTS

If during the license application process certain documents become older than six months from the date the document was received in our office, that document is considered to be stale and must be resubmitted. Affected documents include the application and verifications of licensure from other licensing jurisdictions.

TELEPHONE QUERIES

We have a very small staff and work hard to process applications as quickly as possible. Unnecessary telephone calls to our offices delay processing. If the licensing examiner must spend time answering numerous telephone queries, application processing time is affected. Because of the huge volume of telephone calls regarding the status of applications and because of privacy issues, **we must restrict our telephone responses to the applicant only.** We will not discuss your application with others. If you are concerned about your application being received in our office, mail it "certified – return receipt requested." You will have a verification of delivery returned to you by the post office.

TEMPORARY PERMIT

After your application for a permanent license is complete, it is forwarded to the board's executive administrator. Following her review, she may authorize the issuance of a temporary permit. Since the board only meets four times each year, the temporary permit is a courtesy to you to allow you to practice until the next board meeting when your file will be considered. The permit will be mailed to you at the address you specify in your application. Should a personal interview be required, the temporary permit may be issued at the conclusion of the interview.

WEBSITE ADDRESS

The Division of Corporations, Business, and Professional Licensing maintains a website with general information about the board or to check to see if your license or permit has been issued: www.commerce.state.ak.us/occ/pmed.htm.

WITHDRAWAL OF APPLICATIONS

The board permits the withdrawal of an application that it has not yet considered at a board meeting. Should you wish to withdraw your application, please submit a request for withdrawal in writing stating the reason for the withdrawal. Such request must be received before the first time the board reviews and considers the application.

“YES” RESPONSES

A “Yes” response in the application does not mean your application will be denied. If you have responded “Yes” to any question in the application, additional time will be required for the gathering and assessment of pertinent information. **You can expedite this process by providing with your application complete explanations and documentation for any “Yes” responses.**

HOW CAN YOU HELP?

1. First and foremost: apply far enough in advance to allow for application processing.
2. If you are concerned about your application being received in our office, mail it Certified - Return Receipt.
3. If you wish to expedite processing as much as you can, send all your verification request forms out via overnight mail and include a return overnight mail envelope addressed to the licensing examiner for the organization’s use. This will help them to respond quickly.
4. Insure the application is complete when you submit it and provide any necessary explanations with the application. Print legibly or type your application.
5. Provide complete explanations for any “Yes” responses; it saves time if we don’t have to request such information.

Please – do not sell your house and move to Alaska until you have a permit or license in hand.

SPECIAL INSTRUCTIONS FOR PARTS IV AND V

In responding to the questions in Parts IV and V below, please check the appropriate box next to each question. A "Yes" response to a question does not automatically result in a denial of license application. **For each "Yes" response to any question, you must provide an explanation and documentation.** Provide your explanation on a separate sheet of paper labeled with your name, and signed by you; include full details, dates, locations, type of action, organizations or parties involved, and specific circumstances. When in doubt about your response, disclose and provide the explanation requested. Please answer parts A and B of each question. Documentation includes copies of court orders, charging documents, board or license actions, etc.

CONFIDENTIALITY

The contents of licensing files are generally considered public records. If you believe that the additional information you are attaching to explain a "yes" answer should be considered confidential, state that in the attachment. A request for confidentiality may or may not be granted.

PART IV DISCIPLINARY HISTORY

IMPORTANT! PLEASE READ BEFORE ANSWERING THE DISCIPLINARY HISTORY QUESTIONS

PART V PERSONAL HISTORY

Please refer to Special Instructions on page 4. For the purposes of the questions in this section, the following phrases or words are defined:

“Ability to Practice Medicine” includes, but is not limited to, the cognitive capacity to make appropriate clinical diagnoses and exercise reasonable medical judgments and to learn and keep abreast of medical developments; the ability to communicate those judgments and medical information to patients and other health care providers with or without the use of aids or devices, such as voice amplifiers; and the physical capability to perform medical tasks such as physical examination and surgical procedures, with or without the use of aids or devices, such as corrective lenses or hearing aids.

“Medical Condition” includes physiological, mental, or psychological conditions or disorders, such as, but not limited to, orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional or mental illness, specific learning disabilities, HIV disease, tuberculosis, drug addiction, and alcoholism.

“Chemical Substance(s)” any natural or synthetic chemical substance, alcohol, drugs, or medications, including those chemical substances taken pursuant to a valid prescription for legitimate medical purpose and in accordance with the direction(s) of the prescribing physician, as well as those used illegally.

“Controlled Substances” means any substance as defined in either Alaska Statute 11.71.900 or the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513) and any subsequent amendment(s).

“Currently” does not mean on the day of, or even in the weeks or months preceding the completion of this application; rather, “currently” means recently enough so that the event, condition, behavior, impairment, limitation, etc., may have an ongoing impact on the applicant’s ability to practice medicine in a competent manner.

“Illegal Drug Use” means the use of an illegally obtained controlled substance or dangerous drug; the term “illegal drug use” also means the use of a legally obtained controlled substance or dangerous drug which is not taken in accordance with the directions of the licensed physician who prescribed the controlled substance or dangerous drug.

- 37. No Yes Has your ability to practice medicine in a competent and safe manner ever been impaired or limited by any condition, behavior, impairment, or limitation of a physical, mental, or emotional nature?
- 38. No Yes Are you currently experiencing any medical condition or disorder that impairs your judgment or that otherwise affects your ability to practice medicine in a safe and competent manner?
- 39. No Yes Since completing your postgraduate training, have you ever been physically or mentally unable to practice medicine for a period of sixty (60) days or more?
- 40. No Yes Are you currently the subject of any civil investigation or court process relating to your ability to practice in a safe and competent manner?
- 41. No Yes Have you ever been diagnosed with, been treated for, or do you currently have voyeurism, pedophilia, exhibitionism, or any other sexual behavior disorder?
(Please note that “sexual behavior disorder” does **not** include sexual preference.)
- 42. No Yes Are you currently engaged in the illegal use of any drug, whether by ingestion, injection, inhalation, or any other method?
- 43. No Yes Have you used or are you currently using any chemical substance(s), legal or illegal, that in any way impaired or limited, or is currently impairing or limiting, your ability to practice medicine in a safe and competent manner?
